Abstract

Indonesia Japan Economic Partnership Agreements also Known as IJEPA has lead Indonesia and Japan to a bilateral agreement in economic. IJEPA has three pillars, Liberalism, Facilitation and Cooperation. and from those Pillars both Indonesia and Japan hopes that they will have a great benefit from it. At the fact when IJEPA has been applied Japan make a good fortunate to sent their products to Indonesia but for Indonesia, instead has a good benefit to the economic after the IJEPA took place IJEPA has lead Indonesia to had a great escalation on Import from Japan, meanwhile the products from Indonesia still cant compete in Japan domestic market so the Indonesia export can not have the equal in Indonesia Balance of Trade.

Keywords: Bilateral Agreement, Liberalism, Facilitation, Cooperation, Balance of Trade
