ABSTRACT

After ratifying of Act 32 / 2002 about broadcasting, generating dispute between State institute that is Commission Broadcasting of Indonesia with government (Depkominfo). KPI as state institute having the character of independent have authority in management of broadcasting. The Act 32 / 2002 about broadcasting, explain expressly hit function, position, duty, and authority of institution the formation is based in Act 32 / 2002 about broadcasting. Difference of interpretation in meaning code law is trigger born dispute him between State institution owning broadcasting area interest. KPI as independent State institute in charge in management of broadcasting felt the authority is taken to displace by broadcasting permission publication related government. If studied deeper KPI position in government, KPI represent State institution of auxiliary (State supporter institute) commissioned to assist Parliament (DPR) in running its duty

Regulation of government formed to support to going into effect of the act 32 / 2002 about broadcasting, after ratifying of regulation of government related to broadcasting evokes new troubleshoot is internationalized broadcasting. Regulation of formed government to evaluated to unconstitutional 32 / 2002 about broadcasting, so that existence of regulation of related government regulation is assumed not valid. Every formed regulation have to be relied on regulation of its level sup ordinate, when a regulation oppose against regulation of sup ordinate do the regulation remain to validate and can be gone into effect. dispute of authority that between KPI and Government (Depkominfo) in fact dispute in regulation of government, is not dispute in code law, so that there is mistake in proffering of suing to Law court constitution raised by KPI.
