BAB 4 HASIL DAN PEMBAHASAN ................................................................. 38
4.1 Gambaran Umum Penelitian ............................................................... 38
4.2 Deskripsi Hasil Penelitian ................................................................... 44
4.3 Analisis Model dan Pengujian Hipotesis .............................................. 45
  4.3.1 Hasil Estimasi PSM ...................................................................... 45
  4.3.2 Hasil Estimasi DD ......................................................................... 47
4.4 Pembahasan .......................................................................................... 49
4.5 Keterbatasan Penelitian ........................................................................ 55
BAB 5 KESIMPULAN DAN SARAN ............................................................. 57
  5.1 Kesimpulan ........................................................................................ 57
  5.2 Saran .................................................................................................. 58
