Update on the Publication of Special Issue of ICOMFIN 2017

MOHD SHAMSURI BIN MD SAAD <shamsuri@utem.edu.my>

First of all, on behalf of ICOMFIN 2017 organizing committee, I would like to congratulate and thank you for your commendable effort as author/s of your article/s for the Special Issue that is supposed to be published in Pertanika JSHH this year. We appreciate very much the invaluable effort that all of you have taken extensively during the writing process and understand that such an effort must be rewarded with appropriately in the form of the promised Special Issue publication.

Unfortunately, due to the sudden change of Chief Executive Editor of Pertanika from Dr. Nayan Kanwal to Prof. Dato' Dr. Abu Bakar Saleh last July, we were informed by the new Chief Executive Editor that all Special Issue that are supposed to be published in Pertanika for the year 2018 and 2019 have been put on hold pending review by the new management. Therefore, we have alternatively seek a new journal to agree in publishing ICOMFIN 2017 Special Issue. And we are happy to inform you that Humanities and Social Sciences Review (HSSR), a recently approved journal to be indexed in Scopus (e-mail as image attached) has agreed to published all your articles in two (2) issues.

We have sent all the articles to the Chief Editor of HSSR for further action in terms of necessary processes needed to be undertaken.
We have sent all the articles to the Chief Editor of HSSR for further action in terms of necessary processes needed to be undertaken to publish it in the Special Issue. Subsequently, the Chief Editor and her editorial team has undertaken the process of formatting your paper per HSSR format including the referencing. However, she requested your good self to improvised few aspects of your article, as highlighted in red, to enable her to proceed with the next process the soonest.

We deeply apologized for any inconvenience caused by this unfortunate event that is beyond our control. Insya Allah, our team have already requested for acceptance letter to be issued the soonest taking into account your requirements towards fulfilling your KPI. Should you have any query, please do not hesitate to get in touch with us in order for us to facilitate the process better.

Kind regards,

Mohd Shamsuri Md Saad

Subject: Proposal for publication of special issue of HSSR

Dear Mohd Shamsuri Bin MD Saad
Greetings from GIAP Journals

We are happy to share with you that based on the recommendation from our Chief Editor Dr Siti Suriani Othman, we agree to publish Special issue for your International Conference on Religion, Microfinance and Community Empowerment 2017 in Humanities & Social Science Reviews journal (accepted by Scopus for indexing).

We would like to draw your attention towards following points.

1. The journal follows a ZERO PLAGIARISM policy. Maximum similarity allowed is 10%. The author needs to ensure this. (probably editor can ask for Turnitin report from each author)
2. Authors need to prepare article as per our journal format (attached). Inside the template, all necessary information is given.
3. Word limit is maximum 7000. (all inclusive)
4. All articles will be subjected to editorial review and authors need to revise article as per editorial advise.

5. Will publish 30 articles in 2 special issues in the month of November 2018 and/or January 2019 (as per response rate of the authors).

6. Since we are not funded by any government or private agencies we charge Article Publication Charge (APC) to run the journal as per international quality.

Our board has decided to charge **50USD as APC per article** for this special issue. That need to be paid after the first issue is ready for publication.

7. We will be requiring some cover image for the special issue and a small note from your side as a welcome message. That you can furnish in a later stage.

I am hopeful to serve your organization and researchers with our world-class editorial team and quality. We hope for a mutually beneficial relationship for both the organization.

Feel free to contact the undersigned if you have some query or need any assistance.

With Warm Regards

Dr Jenny Hope
Editorial Assistant
