## FOREWORDS

Thank Allah SWT for giving me the time, health, ease, fortitude to complete this thesis. The thesis titled “Internet of Things in Energy Management for Cost Efficiency: Evidence from The Food Manufacturing Industry” is structured to fulfil as requirements in obtaining an undergraduate degree in accounting. Various parties have helped in completing this research. On this occasion, I would like to thank Mrs. Nadia Anridho, S.Ak., MBA., Ph.D. who has been willing to take the time to guide, provide advice and suggestions for the completion of this research.

I would also like to thank the Dean of the Faculty of Economics and Business, Universitas Airlangga, for providing the opportunity to take courses in the S1 Accounting Study Program. Appreciation and thanks are also addressed to Iman Harymawan, SE., MBA., Ph.D. as Coordinator of the S1 Accounting Study Program who has motivated to complete college; lecturers who have supported and provided input on this research; educational staff responsible for academic administration.

Furthermore, I would like to thank both my parents who always supported me during my study in the S1 Accounting Study Program until the final process of making a thesis. Finally, I would also like to thank my friends who always support me under any circumstances.
