## ACKNOWLEDGEMENTS

First and foremost, I would like to express my sincerest gratitude to God the Almighty for the good health and wellbeing that were necessary to complete this undergraduate thesis. This thesis has also benefited greatly from the support of many people, some of whom I would sincerely like to acknowledge here.

To begin with, I am deeply grateful to Drs. Jurianto, M.Ed, for offering me such an interesting topic of investigation. As the advisor for all my thesis work throughout this semester, he deserves special recognition for his always highly competent remarks and suggestions, as well as particular praise for his openness and friendly manner which allowed him to convey everything most graciously.

Then, I would like to express my gratitude to Retno Wulandari Setyaningsih, S.S., M.ITS, who has been my academic advisor during my four years of study. Not only was she able to provide useful hints and advice, but she also helped me to plan my study well so that I can finish it on time. I am also forever indebted to all of the English Department faculty members who have kindly shared their expertise, knowledge and valuable guidance, as well as encouragement throughout my study.

Furthermore, I would like to thank my dearest friends, Angga, Gadis, Treesty, Tarra, Zenida, Mauludy, Tegar, Adjie, and Yoga who have always been there for me during up and down, tears and laugh. Finally, but first in my heart, mama yayuk and papa tomi, two favourite people of mine who have been supporting me since I was a kid until today. Especially to mama, who has shaped

me into the person I am today. I am very grateful for their continued moral and financial support throughout my study, the former being of much greater importance. The broad education that I was able to enjoy while growing up has proven invaluable. Words cannot describe how proud I am surrounded by people like them.
