ACKNOWLEDGEMENTS

First and foremost, I would like to express my gratitude to Allah SWT for His grace and all blessings bestowed upon me to complete this undergraduate thesis. Without the intervention of Allah, I would not be able to complete this thesis smoothly. Strength, miracles always come from Allah SWT to help me from semester 1 to semester 8.

Secondly, my special words of thanks and deep gratitude go to my thesis advisor, Drs. Jurianto, M.Ed., for always being so kind, helpful, motivating, and providing the best guidance. As the advisor for all my thesis work until done throughout this semester, even more, he was very competent to give me many suggestions, even though I made many mistakes repeatedly.

Third, I sincerely appreciate all the inspiration from all the lecturers in the English Department, Faculty Humanities, Universitas Airlangga. All lecturers who have kindly transferred knowledge, values, and expertise during my study at the English Department.

Then, unlimited thanks to my family who always give motivation and advice that makes me excited about working on my undergraduate thesis. Especially my mother who always prays without ceasing every day, working hard so that I could graduate from college, and facilitates all my needs.

I am grateful to my best classmate of 2016, my dearest Frienemy (Fitriani Ekawati), one of my friends in college who always helped me with whatever I needed, and she always said 'you can get through this journey'. Thank you for being

a friend even though I am two years older than her, but she always motivates me to finish college on time, never tired of reminding me of my mistakes until now. To my colleagues, Sovie, Zenida, Alma, Tarra, Zheptia, Michael, Zulian, Samuel, Lubbab, Yoga. Thank you for the support, the laughter, and everything for these past four years.

To my senior high school mates, 'Prei Bucin' (Sintia, Febby, Evin, Natara) who never stopped making me excited so that I could work on my thesis happily; they were always there whenever I needed a place for working on my thesis. Without them, my friendship is too monotonous.

Last but not least, I would like to thank my dearest kindergarten friend, Mahatmya Janottama, who always accompanied me to work on my thesis and always believed that I could finish college.
