## ACKNOWLEDGEMENTS

Foremost, this thesis behind it would not have been possible without the exceptional support of my thesis advisor Retno Wulandari Setyoningsih, M. ITS. Her enthusiasm, knowledge and exacting attention to detail have been an inspiration and kept my work on track from my first encounter to the final draft of this thesis. My priceless collegemates Qonita Seila Shofyan and Muhammad Reza Dharmawan have also participated in any discussion regarding the issue brought up in this thesis. They have also given me motivations to push myself on doing this thesis until it is submitted.

To my best friends since my first year in college and the most important ones Revitaleaseky Sudiro Putri and Larasati Ika Atmojo, I would like to express my sincere gratitude for helping me survive all the stress from this semester and eventually sending memes which were always made my days. To my friend Aisyah Attamami for keeping me company during my consultation periods. To my best friend Jedidiah Manurung for all the talks and good times. To my friend Sabrina Ashilah for sending me a useful reference to improve my work. To my ultimate girls Sellynda Editia and Almanda Ramadhani for the travels and escapes. To my homegirl Yuliarni Rosyiida for the sweet talks. Also, to my parents for always providing me with good meals and internet quotas. My completion of this thesis could not have been accomplished without their supports both on and off the water.
