ABSTRACT

The use of language has always been interesting to be discussed especially when it is used to identify the speakers' identity such as gender. The aims of this study are to find out the women's linguistic features performed by Jasmine and Dalia in *Aladdin* (2019) using Coates's theory (2013), and identify the most frequent women's linguistic features performed by Jasmine and Dalia in *Aladdin* (2019). This study applied qualitative approach in analyzing the data. The objects of the study are the utterances produced by Jasmine and Dalia in *Aladdin* (2019). The results of the study show that there are six women's linguistic features performed by Jasmine. Those are minimal responses, hedges, tag questions, questions, commands and directives and compliments. The most frequent women's linguistic feature performed by Jasmine is Questions. Questions appeared sixty-two times in Jasmine's utterances. Jasmine used Questions in serious and friendly conversations. Dalia performed four women's linguistic features. Those are minimal responses, hedges, questions, and compliments. The most frequent women's linguistic features performed by Dalia is Questions. Questions appeared seventeen times in Dalia's utterances. Dalia used Questions only in friendly conversations.

Keywords: *language and gender, women's language, women's linguistic features, Aladdin* (2019)

ABSTRAK

Penggunaan bahasa selalu menarik untuk dibahas terutama ketika digunakan untuk mengidentifikasi identitas penutur seperti gender penutur. Tujuan dari penelitian ini adalah untuk mengetahui fitur linguistik perempuan yang dihasilkan oleh Jasmine dan Dalia di *Aladdin* (2019) dengan menggunakan teori Coates (2013), dan mengidentifikasi fitur-fitur linguistik perempuan yang paling banyak digunakan oleh Jasmine dan Dalia di *Aladdin* (2019). Penelitian ini menggunakan pendekatan kualitatif dalam menganalisis data. Objek penelitian ini adalah ucapan-ucapan yang dihasilkan oleh Jasmine dan Dalia di *Aladdin* (2019). Hasil penelitian menunjukkan bahwa ada enam fitur linguistik perempuan yang dihasilkan oleh Jasmine, antara lain minimal responses, hedges, tag questions, questions, commands and directives, and compliments. Fitur linguistik perempuan yang paling banyak digunakan oleh Jasmine adalah Questions. Questions muncul sebanyak enam puluh dua kali. Jasmine menggunakan Questions di percakapan yang bersifat serius dan santai. Dalia menghasilkan empat fitur-fitur linguistic perempuan, antara lain minimal responses, hedges, questions, dan compliments. Fitur linguistik perempuan yang paling banyak digunakan oleh Dalia adalah Questions. Questions muncul sebanyak tujuh belas kali. Dalia menggunakan Questions hanya di percakapan yang bersifat santai.
