ACKNOWLEDGEMENTS

First and foremost, I would like to express all of my gratitude to Allah SWT for His endless blessings, kindness, and guidance in accomplishing my thesis.

I would like to express my gratitude to my thesis advisor, Masitha Achmad Syukri, M.Hum., for the advice and guidance she has been giving to me in finishing my thesis. I also would like to thank my academic advisor, Dra. Anna Dewanti, Dipl. TESL., M.Pd., for always giving me precious advice, invaluable knowledge, and supportive comments during my university years in planning my study. I am also sincerely thankful for the knowledge and insights that all my English Department lecturers have been taught to me.

I am very much indebted to those who have helped and supported me. Without their company, I realise that I will not be able to complete this paper. To my first uni bestie, Devi, I sincerely would like to thank you for being patient with me since day one. To my most genuine friend, Winda, thank you for always being there for me and supporting me during my ups and downs. Thank you for always being all ears to my unimportant stories. To my most innocent and purest friend, Windi, thank you for lighting the dark cubes in me. My life is much happier because of the hilarious jokes you made. To my dearest bestfriend, Tika, cc Intan, chingu Nabilah, Savirda, Safitri, and Kurnia, I cannot thank you enough for being patient with my weirdness. Thank you for bringing out the best version of myself. Most of all, I would like to extend my special thanks to Candra, who has been being my emotional support throughout the hard time I had in my uni life.
