ACKNOWLEDGEMENT

First and foremost, praises and thanks to Allah SWT, the Almighty, for His showers of blessings throughout my research work to complete this undergraduate thesis successfully. Because of His blessings to my health and strength, I could gradually make this thesis into reality.

I would like to express my deep and sincere gratitude to my undergraduate thesis supervisor, Masitha Achmad Syukri, M. Hum, a lecturer of English Department in Universitas Airlangga. Thank you for all the invaluable suggestions and comments for this thesis. Even since in the beginning of this proposal thesis, she has patiently guided me and gave me a lot of support. Without her persistent helping and guiding, this paper might impossible to be done. Also thank you for entrusting me to be one of the students doing one of her research projects. Although maybe I did not fully meet her expectations. It was a great privilege and honour to work and study under her guidance.

Afterward, I am extremely grateful to my parents, Sri Warasto and Rinni Sulestari, for their prayers, love, caring, and sacrifices for serving the best for my education. Also, I express my thanks for my brother, Wisnu because he often relented using our laptop for the completion of my undergraduate thesis.

Moreover, the huge love must be delivered to my friends in Sasing who cheer up the writer most. Reyna Pandu, Prima Agata, Zulian Rezza, Samuel Ade, Septia Dwieky, Rima Almaidah, Aliza Mawaddah, Anthila Parastami, Devi Anggraini, Rr. Syafilah. Although they are also being sacrificed for their thesis, the writer hopes that they can complete their studies very well. Without their support, I might not have been through this far.

For my second home, Sekre 203 with my Sinematografi Unair fellas. I would say thank you for being my second home through these four years to share. They are one of my motivations to immediately complete this study for the sake of greater work in film. Especially for the most, Noorca Nafi, my best buddy, who are

always want to know my progress during my thesis. Also, for Aji Oktabrian, Novyan Syahputra, Satria Setiawan, Muhammad Faiz, Riri Novikah, Nindita Naisella, the people that I admire in Sinematografi Unair. I love them foremost.

I also say thank you to the pandemic that I have just experienced once in a lifetime and must go hand in hand with this thesis work, Covid-19. Even though it is my first time, I really hope not to meet with any pandemic in the future. I learned many things independently because of it. I also learned that consulting meetings with others in concerns with this thesis are very valuable. Thank you for taught me to appreciate many things, especially to finish this thesis.

Then, for my academic advisor, Drs, Amir Fatah M. Hum and Dr. Layli Hamida, M. Hum, who cannot be left to be mentioned in this paper. Thank you for offering me collegial guidance and support over the years. I also would like to express my big thanks to all of the lectures in English Department Universitas Airlangga who gave me precious knowledge. Finally, I realized that this undergraduate thesis is far from perfect. Therefore, any suggestions and comments are very much appreciated.
