First of all, I am so grateful to “Almighty Allah” who gave me all strength, courage, preservation, and patience to finish this undergraduate thesis. Thank you for giving me blessings and health during the pandemic situation. I am really grateful to be able to finish this properly and on time.

I would like to extend my deepest gratitude to my advisor, Dr. Layli Hamida S.S., M.Hum., the head of English Department, for the continuous support to my thesis and research. Thank you for your patience and immense knowledge, Ma’am. I am assured that you have many responsibilities to be handled during this pandemic situation, I really appreciate for the encouragement to help me doing this thesis. Without your support and advices, I would have never been complete this study. May Allah always protect and bless your life and family.

I also would like to express my gratitude to Prof. Diah Ariani Arimbi, S.S., M.A., Ph.D., as the Dean of Faculty of Humanity, Universitas Airlangga and all of the lecturers in English Department for facilitating and helping me by sharing their knowledge throughout the study. Furthermore, I would like to express my sincere gratitude towards Yulia Indarti, M.A., for helping me to decide the topic of TWD in the last semester.

Dear my parents, Mama and Papa. How do I put into words the enormous gratitude I have for everything... I am extremely grateful for your support, prayer, financially, and emotionally for educating and preparing me for my future. In my

life, the hard work that I have done is purely for my lovely parents. Thank you for always making sure I am fine and not to be stressed during my study. Thank you for the struggle and sacrifice to raise me well. All of my achievement in my life is always influenced by them. I can not wait to start another journey after I finish my study to make them proud of me. I love you both so much I can't describe it well enough.

I personally would like to offer my heartfelt thanks to my one and only grandma, who I cherish so much. Thank you for always giving me the best food in the world whenever I visit while asking about my thesis' progress. Then, my special thanks to Mamade and Papade, who share their love with me since I was a baby. Thank you also for taking care of me, always hoping the best of me, and treat me as your own daughter. I appreciate all the love and care that they give to me. Also, I express my thanks to my lovely brother, Bryan, and my lovely cousin, Aliyyah. Thank you for always by my side. I am so thankful to have you both in my life!

To my boyfriend, I want to say thank you for your attention, time, support that you give to me. Even though oceans separate us apart, I am so grateful to have you by my side. Thank you for always making sure that I am okay through our late night calls. Thank you for spending time with me even you were tired from work. I never worry about us at all; I believe we can meet soon. I love you.

Special thanks to Yundah, CP, and Arieka, who often help me during this research. I appreciate that they always gave me a fast reply whenever I text them.

I can not thank enough to Yundah, who is my closest friend since the first of semester, for being with me through thick and thin. I am beyond grateful to find someone that I can share anything with and can see my true colors. I love you, and I hope we can still be friends until later!

Not to forget, my other dearest close friends of English Department, Ralin, Sifa, Kiki, and Agatha as well as my best friends, Michael, Narega, Shalsa, Nuryus, Ica, and Ayyak. Thank you all of you guys for supporting me and always be there for me whenever I needed. Thank you for accepting me as who I am since day one. I am highly thankful to have you guys in my life.

Last but not least, BTS, Stray Kids, and (G)i-dle, I want to say thank you for creating amazing songs that I have listened every single day. I often forget how fast time can fly by listening to their songs. My thesis would never be done on time without their companion.
