CONFLICTS OF INTEREST (COI) STATEMENT

A conflict of interest occurs when an individual's objectivity is potentially compromised by a desire for financial gain, prominence, professional advancement or a successful outcome.

Editors of **JOURNAL OF RESEARCH IN PHARMACY** strive to ensure that what is published in the Journal is as balanced, objective and evidence-based as possible. Since it can be difficult to distinguish between an actual conflict of interest and a perceived conflict of interest, the Journal requires authors to disclose all and any potential conflicts of interest.

ABSENCE OF A COI

The authors whose names are listed immediately below certify that they have **NO** affiliations with or involvement in any organization or entity with any financial interest (such as honoraria; educational grants; participation in speakers' bureaus; membership, employment, consultancies, stock ownership, or other equity interest; and expert testimony or patent-licensing arrangements), or non-financial interest (such as personal or professional relationships, affiliations, knowledge or beliefs) in the subject matter or materials discussed in this manuscript.

DECLARATION OF A COI

The authors whose names are listed immediately below report the following details of affiliation or involvement in an organization or entity with a financial or non-financial interest in the subject matter or materials discussed in this manuscript. Please specify the nature of the conflict on a separate sheet of paper if the space below is inadequate.

Author names (Please type full names)	Details of the conflict(s) of interest (COI) (Please type "NONE" if there is no COI, or specify if there is any kind of COI)
Rahmi Annisa	The authors declared no conflict of interest.
Mochammad Yuwono	The authors declared no conflict of interest.
Esti Hendradi	The authors declared no conflict of interest.
