I thank all who in one way or another contributed in the completion of this thesis. I am so grateful to the ADS scholarship program and the Post Graduate School at the Universitas Airlangga for making it possible for me to study here. This thesis was made possible thanks to many individuals and groups who helped me along my academic journey. I would like to express my very great appreciation to my supervisor, Dr. Windijarto for the guidance of pursuing my academic journey. I would also say thanks to my co-supervisor, Dr. Tri Siwi Agustina, for the continuous support of my study and research, for her patience, motivation, enthusiasm, and immense knowledge. Her guidance helped me in all the time of research and writing of this thesis and her great care and kindness. I could not have imagined having a better advisor for my thesis. I would also like to thank the members of my committee. I thank all my teachers and lecturers from the long journey of my education to completion of my knowledge. Without these teachers, I will be lacking in knowledge and I am indebted to each and every one of my teachers.

This study would not have been possible without my participants. Those women entrepreneurs who gave me their time and stories of their own life experience provided me with the insight to conduct this thesis. I am extremely grateful for their openness and enthusiasm towards my research. I have learnt a lot not only about the subject matter but also about what it takes to be a successful entrepreneur in today's world.

I would like to acknowledge the importance of my friends and family who provided me with the support needed to undertake this endeavor. My friends who provided me with the social support that is essential to maintain a balanced life whilst undertaking the research process, especially Mas Ian, who always help me in any need of technical, lectures and social. Also thank to Phyu Phyu and May who always be the best companion and classmate through the whole academic journey in Indonesia.

Last but not least, I would like to thank my family for their endless love and support. Thanks to my mom, for always believing in me even when I did not believe in myself and for always listening and offering bear hugs when needed. I would also like to thank my beloved dad, and sisters who supported me emotionally. I always knew that you believed in me and wanted the best for me.
