ACKNOWLEDGEMENT

Firstly, I would like to express my sincere gratitude to my advisors, Mrs. Rizki Andini, S.Pd., M.Litt., Ph.D and Mrs. Ema Faiza, S.S., M.Hum, without whom I would not have been able to complete this research, and without whom I would not have made it through my master's degree.

Besides my advisor, I would like to thank the rest of my thesis committee: Dr. Dra. Ni Wayan Sartini, M.Hum., Dr. Layli Hamida, S.S., M.Hum. and EDI DWI RIYANTO, S.S., M.Hum., Ph.D., for their insightful comments and encouragement, but also for the hard question which incited me to widen my research from various perspectives.

I also thank mbak Dila, the administrator at the secretariat of Master Study Program of Faculty of Humanities, Universitas Airlangga, for her support from the beginning of my postgraduate adjustment by providing me information and solution in regard to completion of my study.

Special thanks to my family and friends who make time for me just to give their positive energy during my study until the process of writing my thesis.

DEDICATION

I thank Allah SWT for His blessing that I could successfully complete my postgraduate study although I first found it difficult to get through any ups and downs of my study.

I dedicate this postgraduate thesis as my original work to my parents and brother for their material support, love and motivation from the beginning of my study till the end of writing this thesis.

I also dedicate this postgraduate thesis to my fiancé, Gilang Jauhari, for his full-time support, kindness, and patient when I am at my lowest point of my life; his unconditional care, positive energy motivation and compassion will always be remembered.
