Editor AJPCR <editor@ajpcr.com> to me Thu, May 23, 2019, 6:39 PM

Dear Author

**Please find attached file for corrections so please resend the file after filling table .**

We believe in quality and publishing on time so please read the mail carefully and send the corrections within 1 day . If you are not sending corrected manuscript on time to us then it would be rejected from current issue and would be published in next issue. We would be not be the responsible for not publishing article and publication of uncorrected article if you are not submitting in timeline.

Kindly download the galley proof for the reference no. [AJPCR/33162](#) and if there are any possible errors of spelling, data or anything else kindly check it resend the corrected one quickly within 1 days . Mark the corrections in the pdf itself using sticky notes. (Send corrections to [editor@ajpcr.com](mailto:editor@ajpcr.com))

(Please mention your article reference no.)

**Important :- Abstract must be up to 250 words in a structured form, consisting of: Objective, Methods, Results, and Conclusion in case the not received the structured abstract the article will not be published until the abstract is structured .**

Please ensure that you have reviewed your article on the base of the points given below.

1. Format:- Headings and subheading should not be numbered.
2. Abbreviations:- At the first appearance in the abstract and the text, abbreviations should be preceded by words for which they stand.
3. Abstract: Rewrite Abstract which should be structural (Divide it into- Objective, Methods, Results, and Conclusion).
4. Symbol and units: It should be as per International System of Units (SI). See it in instructions to authors and follow accordingly and strictly.
5. Equation tools should be used for formula/equation writing.
6. Errors: Grammatical and punctuation errors should be rectified. Authors are suggested to use smart tools like 1 checker; ginger, grammarly, white smoke, etc.
7. Most of the words are stcked, rectified it strictly.
8. Insert Table(s) and Figure(s) in Result and Discussion Section at appropriate place.
9. Headings of table (s) and figure (s) should be rectified. See latest issue of AJPCR.
10. Table: Column headings should be in sentence case and bold. See latest issue of AJPCR.
11. Fig: Ensure that titles at x and y axis are in sentence case and bold.
12. Reference citation- References are to be cited in parentheses/Square bracket like [1] in line with text.
13. Ensure citation of references as [1, 2] in case of 2 references and [1-3] in case of more than 2 references. Few other examples include [1, 2, 3-5, 6].
14. References: References are out of format. Uniformity must be ensured in all the references. It should be made strictly as per instructions to Authors. Journal's title should be non italic, abbreviated without use of full stop.
15. Pagnation style is incorrect in references. Authors should refer any latest published article in AJPCR. Digit appeared in starting page number should not be repeated in end page number. Ex. 12-5, 25-32, 125-7, 11456-62 etc.
16. Introduction: What is rationale and novelty of study? It should be mentioned.
17. Results of same data have been given by table as well as by figures. Use only one mode table or figure.
18. Results should be expressed in mean±SD/SEM. Sample size and proper foot notes should be mentioned below tables.
19. Error bars should be included in the figure(s). Sample size and proper foot notes should be mentioned below figure(s).
20. Discussion could not be found. Only results have been given. Authors should make comparison with previously reported such works to emphasize importance of the presented work.

Kindly download the galley proof for the Your reference no. and if there are any possible errors of spelling, data or anything else kindly check it resend the corrected one quickly . Mark the corrections in the pdf itself using sticky notes . ( send corrections to [editor@ajpcr.com](mailto:editor@ajpcr.com))
