ACKNOWLEDGEMENT

The author would like to express her gratitude towards Allah SWT, for it would be impossible for this research report, entitled “The Characteristic of Chronic Obstructive Pulmonary Disease Patients in Dr. Soetomo Hospital Surabaya Year 2013-2014”, to be finished without Allah's graciousness and will. This research report was made in order to fulfill the task of Research module in the 4th and 7th semester of the International Class program of the Medical Faculty of Airlangga University.

The author would like to give her deepest appreciation and gratitude to the followings, who in many ways have contributed in the making of the research:

1. Both of my parents, who always pray for me and give me verbal and emotional support during my research.
2. Prof. Dr. Agung Pranoto, dr., M.Kes, Sp.PD, K-EMD, FINASIM as Dean of Medical Faculty of Airlangga University.
3. Prof. Dr. N. Margarita Rehatta., dr., Sp.An. KIC as the coordinator of the International Class of Medical Faculty of Airlangga University.
4. Linda Dewanti, dr., M.Kes., MHSc., Ph.D as the 1st supervisor.
5. Winariani K, dr., Sp.P(K).MARS as the 2nd supervisor.
6. Dr. Budiono, dr., MS as the Research Module coordinator.
7. The staff of the Pulmonology and Medical Respiratory Department, for the cooperation and time during this research.
8. The staff of Medical Record, for the cooperation and time during this research.
9. The staff of the International Class office, for the help of the administrative procedure.
10. All of my colleagues, who are very supportive.
11. All of those who have supported me in completing my research.

The author welcomes any suggestion and critics from anyone reads this repport, whilst also giving her sincere apology for anything unpleasent in regards to this paper and the process of its completion. The author sincerely hopes that this scientific paper could be beneficial to reader and researcher in the future.
