PONE-D-19-21529R1
Serum pepsinogens as a gastric cancer and gastritis biomarker in South and Southeast Asian populations
PLOS ONE

Dear Dr Miftahussurur,

Thank you for submitting your manuscript to PLOS ONE.

We emailed you on January 27; below there is a detailed copy of this email and if you are having difficulties completing these amendments, do not hesitate in coming back to me. Please also ensure that you send back the original submission and do not submit a new one.

Please be aware that if we do not receive your submission or hear from you within 7 days, your manuscript will be withdrawn from the PLOS ONE system, and will not be able to be reinstated.

Regards,

Jo George

PONE-D-19-21529R1
Serum pepsinogens as a gastric cancer and gastritis biomarker in South and Southeast Asian populations

Dear Dr. Miftahussurur:

Thank you for submitting your work to PLOS ONE. Your manuscript will be formally accepted and enter production after you complete the requests below. Please note that you will not be able to make changes to your manuscript once it enters the production process. PLOS ONE does NOT provide author proofs. Any changes other than those requested in this email will need to be reviewed by the Academic Editor and reviewers, this will delay the formal acceptance of your manuscript.

To access your manuscript and complete these changes, please follow this link: <https://www.editorialmanager.com/pone1.asp?i=37718680&I=PZYL2XP>

Please note that this link should not be shared with other people to ensure that any action taken on this submission is done by you, the Corresponding Author.

You will find the submission in "Current Task Assignments." From there you must download your submission files via the "Assignment Files" link. You can also download the manuscript file attached to this email, the document has been formatted to track all changes, and we will only accept this version with locked tracked changes returned to us.

To opt in or out of publishing your peer review history, please answer the Peer Review History question within this task. Please note we are unable to send your article to production without this.

Notification of Formal Acceptance for PONE-D-19-21529R1 - [EMID:23bf7856ec9ac605]

Serum pepsinogens as a gastric cancer and gastritis biomarker in South and Southeast Asian populations

Dear Dr. Miftahussurur:

I am pleased to inform you that your manuscript has been deemed suitable for publication in PLOS ONE. Congratulations! Your manuscript is now with our production department.

If your institution or institutions have a press office, please notify them about your upcoming paper at this point, to enable them to help maximize its impact. If they will be preparing press materials for this manuscript, please inform our press team within the next 48 hours. Your manuscript will remain under strict press embargo until 2 pm Eastern Time on the date of publication. For more information please contact onepress@plos.org.

For any other questions or concerns, please email plosone@plos.org.

Thank you for submitting your work to PLOS ONE.

With kind regards,

Dear Drs. Miftahussurur and Yamaoka,

I hope this message finds you well. Our production team is currently in the process of preparing your paper, "Serum pepsinogens as a gastric cancer and gastritis biomarker in South and Southeast Asian populations" PONE-D-19-21529, for publication. During our typesetting checks, we noted that there is no citation to reference 20 in your manuscript.

Before we can move forward with production, please add this citation to the attached manuscript file, ensuring that all references remain cited in ascending numeric order within the text.

In addition, we note that affiliation 7 (Division of Gastroenterology, Department of Internal Medicine, Faculty of Medicine, University of Indonesia, Jakarta, Indonesia) is not assigned to an author in the byline. Please update the affiliations as necessary in the attached manuscript file.

Thank you for your time and attention, and please let me know if you have any questions. I look forward to hearing from you.

Kind regards,
Glenn Jackson
