Editor of Indian Journal of Public Health Research & Development

Dear Professor

Please find enclosed our manuscript entitled "A Preliminary Study : Troponin T and Reg3 $\beta$  in Children with Left-to-Right Shunt Congenital Heart Disease with heart failure".

The incidence of left-to-right shunt congenital heart disease with heart failure in children is increasing in our country. But, the research about children with left-to-right shunt congenital heart disease with heart failure in Indonesia is still limited. This is the first study in our general academic hospital and the number of this research is still limited in Indonesia.

It is our hope for this work which has never been published before or submitted to other journals to be considered for publication in this journal. This manuscript is our own original work and all of the authors have agreed to submit this manuscript to Indian Journal of Public Health Research & Development and has been professionally proofread.

We hoped to hear from you soon and thanks for time.

Best Regards  
Rendi

Good Morning

Dear Prof  
Editor IJPHRD

I am Rendi, a coauthor in the manuscript with the title :  
“A Preliminary Study : Troponin T and Reg3 $\beta$  in Children with Left-to-Right Shunt  
Congenital Heart Disease with heart failure”

Would you like to informed me, please is there any chance for my manuscript to be accepted  
in your journal. This is my preliminary study in our local patient in Indonesia.

We need urgent publication for completing our doctoral academic requirement. If there is no  
chance for my manuscript, i would like to retake it because we need urgent publication.

Thank you for your helping.

Best regards  
Rendi
