Dear Dr. Agung Sosiawan,

I'm hoping we can have a discussion about your COVID-19 research. I am helping to plan a special theme issue on *Trends & Innovations in COVID-19* which will be published by the European Society of Medicine later this year. I thought that it would be interesting to include an article related to your work on "SIX COMMANDMENTS OF TREATMENT PROTOCOLS DURING COVID-19 PANDEMIC IN DENTISTRY" in the theme issue. It would be great if you could tell me more about your work in this area.

Would you be open to this idea?

Best Regards,

Immunology Editorial Committee
