Dear authors,

We are happy to let you know your article has been published. You can find it here:

<http://imed.pub/ojs/index.php/IAJAA/article/view/2361>

*Remember DOI will be updated 24/48 hours after publication of article.*

**Now it is time to spread your article.** We would like to suggest you some tips for spreading your article and generating impact:

Use social nets: both general ones as Facebook, Twitter, Google Plus, and medical social networks, as Medicalia.org (<http://medicaliaorg.ning.com/>)

We have page in Facebook at <https://www.facebook.com/The-International-Arabic-Journal-of-Antimicrobial-Agents-210868115705659/>, please join and Like your article

You can have your article indexed in PubMed Central following instructions described as "Method C" here: [http://publicaccess.nih.gov/submit\\_process.htm#c](http://publicaccess.nih.gov/submit_process.htm#c)

Build your profile as researcher/author and include this article at:

- ORCID
- Google Scholar
- Research Gate
- Mendelev

Spread your articles. Generate debate and comments on your paper. Find the controversial points and take them out. The most your article is read, the most cited.

- Discover scientific knowledge, and make your research visible: Researchgate.net
- A study recently published in *PLOS ONE* found that papers uploaded to Academia receive a 69% boost in citations over 5 years: Academia.edu
- Upload your data to a secure online location for easy access and sharing: Mendeley.com

Thank you for publishing with us.

Best regards,

Isabel Miguel
