ACKNOWLEDGEMENTS

I would like to praise and express my gratitude to *Allah SWT* for He has blessed me with strength, life, wealth and health in life and throughout the writing process of this thesis. I would also like to express my *shalawat* and greetings to the Prophet Muhammad SAW, who was to spread the grace and message of *Allah SWT* to all *muslims*. May he rest in peace and be placed in the best place in heaven with *Allah SWT* by his side.

Dra. Christinawati, M.Si. deserves a special acknowledgement. She has given me countless feedback, helpful suggestions, and insightful guidance in completing this thesis. The patience and constant reminders from her really helped me stay motivated and focused. You have my deepest gratitude, ma'am. I would also like to thank Nurul Fitri Hapsari, S.S., M.A. as my academic advisor who has helped me in many ways, such as planning my study and motivating me through college. Furthermore, I would like to thank all of the lecturers and staffs in English Department Universitas Airlangga for their helpfulness and kindness. The knowledge and experiences that I have gained in college will truly be remembered and treasured.

This thesis would not have been completed if it weren't for the support from my family and friends. My father and mother, thank you for your constant support and prayers. It has helped me deal with my lowest lows and amplified the highest and happiest moments of my life. My dear siblings, thank you for the laughs and

the crazy antics that has kept me in high spirits and morale throughout the writing process.

Thank you Wita, Adam, Reza, Anisa, Rizaldy, Robeth and Kiflan for being the best of friends throughout in my college life. The memories will be engraved in my memory for the longest time and I hope that we can make many more in the future. I would also like to thank all of my friends in social media and online community in facebook and discord. The small breaks I took in between writing this thesis by looking at my timeline has always been worth the time because of the liveliness, funny and silly posts that I came across.

Lastly, I would like to thank my partner for always being there whenever I feel down or get demotivated. Our conversations and your lively energy has always helped me carry on with my studies. Thank you so much for always being yourself and accepting my feelings in the first place. I appreciate you for always listening about my daily endeavours, distracting me from the fatigue, and loving me for who I am.

“The way you think will determine your future.”
