ACKNOWLEDGEMENTS

Writing a thesis during a pandemic isn't something I would have expected to happen to me during my lifetime but here we are and here it is. There are so many to thank and acknowledge but I would like to thank God for keeping me alive and healthy during these hard times, and giving me strength to finish this thesis.

I am deeply thankful to my family who I spent most of the past year with. Ibu, Ayah, Laras, thank you for being a great family to hang out with and spend quarantine with. You may not know the hardships that I had to go through, but at least I had you guys at home to bring me back down when I feel like I am out of it and disassociated from reality. I cherish all our Korean drama nights and our table talks about the 23 members of NCT. Also, thanks for believing in me and letting your first daughter move out from Jakarta to Surabaya.

To my friends in both Jakarta and Surabaya, thank you for tolerating me and keeping me somewhat sane all these years. Thank you for all the friends that I kept asking about their thesis progress and help me out when I need it. This thesis would not be done without your help.

To Pak Lastiko Endi Rahmantyo M.Hum, thank you for being the best thesis advisor a student could ever ask for. Thank you for being patient with me and letting me ask for feedback or any question any time of day. Without your guidance, writing this thesis would be harder to write and finish.

Lastly, for the KPOP idols that have been a great escapism for me especially the past year, Cha Eunwoo from ASTRO, Johnny Suh from NCT, and many other unmentioned. Even though they have no idea who I am, they have inspired me and given me strength every time I need it, either through their music or through their occasional *Bubble* messages that could brighten up my day instantly. Thank you.

**You're doing great, you can do it.
You're moving, so you're getting somewhere right?**
