## ACKNOWLEDGEMENTS

I express my gratitude and praises to Allah, the One and Only. Because of his blessings, I can finish this undergraduate thesis on time. Without His blessings and mercy, I may not be able to write this thesis.

My parents also have important roles in supporting my study. They have struggled a lot this whole time. I would like to express my gratitude by doing my best to finish my thesis on time and on point. In addition, the supports from my siblings help me stand up again after falling down countlessly. On the other side, my cousin in Surabaya also gave me a lot of encouragement while studying there.

I am also thankful to all of my lecturers in English Department Universitas Airlangga because they have educated me well so that I can reach this stage. My special gratitude goes to my thesis advisor, Dr. Layli Hamida, S.S., M.Hum., since she has guided me to write this thesis from the beginning up to the end. On the other hand, Dr. Hariawan Adji Drs., S.T., M.Kes. as my academic advisor has also supported me a lot with my academic affairs. However, since my observation for this thesis was done in South Korea, I should be thankful to Salimah, S.S., M.Ed. for encouraging me to participate in the student exchange program.

All of my friends also deserve appreciation. They have been great emotional support when I felt down and listened to me well. Special mentions are presented to Ellen, Farah, Daniel, Sukma, Zulfa, Novita, and Luqman for their companions. My thankfulness also goes to Rere, Hansen, Kak Steffanus, 완식이 형, 혜진 누나, 승언이 형, 범혁이형, 보영 누나, my Korean language teachers, my exchange

friends, and many more for helping me a lot when I was in Korea. My best friend, Lê Thành, also deserves a special thank for listening to my rants and cheering me up. Additionally, I would like to express my appreciation to Sabrina for being my best friend, best *sunbae*, and best teacher.

I am thankful to K-Pop idols, K-Dramas, K-Variety Shows, and many other Korean shows and celebrities that have grasped my interest up to the point where I made this thesis about Korean. Many people have seen the negative sides of Korea and Korean lovers. However, with this study, I hope people can also see the positive light of being a Korean lover. In general, people should see something with different perspectives. Depending on how we think and manage ourselves, a hobby may also bring benefits. Having an open mind is the key. Hopefully, people can be aware of this open-mindedness and how it can affect mental health.
