ACKNOWLEDGMENTS

First and foremost, I would like to express my sincere gratitude to Allah SWT for the good health and well-being that were necessary to complete this undergraduate thesis. Also, for giving clarity of mind and patience through its wisdom and teaching. This thesis can be completed due to the support of many people, some of whom I would like to acknowledge here.

To begin with, I am deeply grateful to Dra. Sudar Itafarida, M.Hum., for being my academic advisor for my thesis during this time of the Covid-19 pandemic. Even though she has a thousand and more activities, she still gives me feedback and her time to advise me. She deserves special recognition because she is the one who put guide me in my thesis analysis. I am also grateful for the sincerities, helpfulness, insight, connection, and knowledge of the people in the English Department.

Finally, for my beloved parents, grandmother, and my friends. I would like to give them my biggest gratitude and sincere apology for being patient with me. They have always been there from the start, and never say that I am not capable of finishing college.
