## ACKNOWLEDGEMENTS

First and foremost, I would like to express my gratitude to Allah SWT, the All Knowing, for giving me blessing and guiding me so that I can complete the process of writing this thesis. Without His guidance and knowledge, I would not be able to get out of my own fear to complete this research. This thesis can also be finished because of the support from many whom I would like to acknowledge here.

To begin with, I am profoundly grateful to my thesis advisor, Nurul Fitri Hapsari.,S.S.,M.A, for her endless support, suggestions, and kindness to help me completing this thesis. She deserves special acknowledgment because she have guided me from the day one, from being my proposal advisor and offering me such an interesting topic and issue to being my thesis proposal who always helps me with all the support, ideas, and directs me to the right track.

Moreover, I give my deepest gratitude to my parents; to my mom who always believes, supports, and gives me a pat on the head every night; to my father who always gives old yet funny jokes to cheer me up. I will never be able to thank them enough for their trust, understanding, and love. Their accompaniment and motivation always push me from the beginning of this thesis writing process to the end.

I also give my heartfelt thanks to Byan, who has always been patient and understanding, in listening all my chatter, tears, and complaints regarding my

difficulties and fears. He always believed in me even when I could not believe in myself and always support me even when I was not in the best condition. Thanks to you, little bird, I have been able to finish this thesis.

Furthermore, I want to give my special thank you and warmest hugs for Icik, Alda, Novrita, Kemilau, Berlian, Farah, Aqilah, Aliefia, and Mila. Thank you for all the laughs, happiness, and serenity. Because of you guys, I can stay sane and always confident that I can finish this thesis. Besides that, I would like to give my genuine gratitude to my beloved fellow Carats and my informants; Ate Jammie, Ate Dies, Ands, Kak Jeju, Kak Cia, and Dwi. Without their help and kindness, I would never been able to finish this thesis. I hope we can meet at Seventeen concert someday.

Thereafter, I want to thank my K-Pop boys, Seventeen, DAY6, and Han Seungwoo for being my stress reliever and a place for me to escape. Especially for Seventeen who has been my main inspiration when writing this thesis. Last but not least, for myself. Thank you for not giving up, always try to believe that there must be a way in every difficulty, and for surviving. You rock, my buddy.
