ACKNOWLEDGEMENT

First and foremost, I would like to express my sincerest gratitude to God the Almighty for the good health and wellbeing that were necessary to complete this undergraduate thesis. This thesis has also benefited greatly from the support of many people, some of whom I would sincerely like to acknowledge here.

To begin with, I am deeply grateful to Prof. Diah Ariani Arimbi S.S., M.A., Ph.D. for guiding me to finish my whole thesis. As the advisor for all my thesis work throughout this semester, she deserves special recognition for her always highly competent remarks and suggestions, as well as particular praise for her openness and friendly manner which allowed her to convey everything most graciously.

Finally, but first, in my heart, my parents are due my deep gratitude for their continued moral and financial support throughout my study, the former being of much greater importance. The broad education that I was able to enjoy while growing up has proven invaluable.

It is understanding. We are swimming in the former.

We are desperately lacking in the latter. — Malcolm Gladwell.
