## ▪ Review result

---

Dear Dr Mahyudin,

We have received the reports from our advisors on your manuscript, "Type of article: Case Report  
Lengthening of Massive Intercalary Cortical Allograft after Successful Graft Incorporation in Skeletally-immature Bone with Critical-sized Defect: A Case Report with Six-year Follow-up", submitted to Indian Journal of Orthopaedics

Based on the advice received, I have decided that your manuscript can be accepted for publication after you have carried out the corrections as suggested by the reviewer(s).

Below, please find the reviewers' comments for your perusal.  
You are kindly requested to also check the website for possible reviewer attachment(s).

While submitting, please check the filled in author data carefully and update them if applicable - they need to be complete and correct in order for the revision to be processed further.

Please submit your revised manuscript online by using the Editorial Manager system which can be accessed at:

<https://www.editorialmanager.com/joio/>

Your username is: [ferdiansyah@fk.unair.ac.id](mailto:ferdiansyah@fk.unair.ac.id)  
If you forgot your password, you can click the 'Send Login Details' link on the EM Login page.

I am looking forward to receiving your revised manuscript before 05 Mar 2020.  
In order to add the due date to your electronic calendar, please open the attached file.

With kind regards,  
Lalit Maini  
Editor in Chief  
Indian Journal of Orthopaedics

Comments to the author (if any):

Reviewer #1: the authors have presented an interesting study. The study needs minor revision  
1 What were investigations done in patient? Like Ct Scan, MRI?

What is final follow up time after last operation

what was fixator index? any pin tract infection during Ilizarov fixation time

What was functional outcome score or Functional result as per ASAMI criteria

Reviewer #2: I would like to extend my congratulations to the team, for choosing a relevant topic with a practical application in paediatric orthopaedics. There is concern regarding this study:

- \* Author has not provided a convincing argument regarding the factors affecting the outcome in this study
- \* What modifications, if any should be considered so as to reproduce this result.
- \* The discussion and conclusion part needs more elaboration particularly regarding the operative procedure

## ▪ Manuscript decision: Accepted

Dear Dr Mahyudin,

We are pleased to inform you that your manuscript, "Type of article: Case Report  
Lengthening of Massive Intercalary Cortical Allograft after Successful Graft Incorporation in Skeletally-immature Bone with Critical-sized Defect: A Case Report with Six-year Follow-up", has been accepted for publication in Indian Journal of Orthopaedics.

You will receive an e-mail in due course regarding the production process.

Please remember to quote the manuscript number, JOIO-D-20-00067R1, whenever inquiring about your manuscript.

With kind regards,  
Lalit Maini
