Dear Editorial team JIPK

With warmest regards, I attached the revised manuscript with the title "Correlation of nitrite and ammonia concentration with prevalence of *Enterocytozoon hepatopenaei* (EHP) in shrimp (*Litopenaeus vannamei*) on several super-intensive ponds in East Java, Indonesia". Also the author declaration form and cover letter is attached with this email.

The revision of the comments and advice from the reviewer one and two were fully considered and followed. If there will be any needed clarification, I will be available for more information and revision.

Thank you very much

Kind regards
