Dear I Gde Rurus

Ricardo Adrian Nugraha has submitted this manuscript:

**Hypoxic Preconditioning Promotes Survivals of Human Adipocyte Mesenchymal Stem Cell via Expression of Prosurvival and Proangiogenic Biomarkers**

I Gde Rurus Suryawan *et al.* with I Gde Rurus Suryawan as the corresponding author(s).

**Funders:** no grant funding was stated during submission.

**Before accepting the article:** we will check content suitability, readability and manuscript format; adherence to ethical standards for the type of study; that the underlying data have been supplied (where appropriate); and that there is sufficient detail to enable others to replicate the study (if applicable).

**Before publishing the article:** if we accept the article, we will be in touch with Ricardo Adrian Nugraha as soon as possible with any issues that need addressing and ask them for reviewer suggestions. They will then receive a final proof of the article for approval, prior to publication. At that stage, the peer review process will begin, in accordance with our [publishing model](#).

**After publication:** to ensure you receive proper recognition for your professional activities, you can connect your **ORCID iD** to F1000Research so that all your F1000Research work is added to your account automatically once it is published. Details on how to do this will be sent in an email when the article is published.

All future correspondence about this submission will be sent to Ricardo Adrian Nugraha only. If you have not agreed to this submission and your inclusion as an author of this article, please contact us immediately quoting the article number: 53638.

Kind regards

The F1000Research Team

**Press releasing articles:** Please avoid promoting articles in the media until the article has passed the [open peer review process](#). Promotion on social media is encouraged once the article has been published; please ensure the full citation is included, as this contains the peer review status. F1000Research should be cited as the source of these articles with a link to the article.

Subject: Manuscript 55351 conditionally accepted for publication

To: <[ricardo.adrian.nugraha-2019@fk.unair.ac.id](mailto:ricardo.adrian.nugraha-2019@fk.unair.ac.id)>

Dear Ricardo Adrian

Hypoxic Preconditioning Promotes Survivals of Human Adipocyte Mesenchymal Stem Cell via Expression of Prosurvival and Proangiogenic Biomarkers  
Suryawan IGR, Pikir BS, Rantam FA, Ratri AK and Nugraha RA

Thank you for your submission to F1000Research. We have noted a few issues with your manuscript (below) – once these are addressed we will be pleased to accept your article for publication.

**Data availability:** Please provide each original, unedited image for figures demonstrating immunohistochemical characteristics to a repository as underlying data.

**Acknowledgements:** Please confirm that you have obtained permission from the people you would like to acknowledge to be named in the manuscript.

**Reviewers:** Thank you for suggesting nine potential reviewers. Once we proceed to the next stage, these will be checked by the editorial team to ensure they meet our criteria.

**Payment:** As F1000Research is open access, we will require payment of the Article Processing Charge (APC) to be able to complete the processing of your submission. The APC is \$1350.00 after any discounts you are eligible for have been applied. **Please provide us with the details of the individual/organization taking responsibility for paying the fee as soon as possible.** Please sign in with the credentials you used to submit the article or you will not be able to access this page. Our Accounts department will be in touch regarding payment.

We have also lightly copyedited your article - please [download the document](#) and check you are happy with the amendments and **then address the queries detailed above using track changes in Word. Please return your revised manuscript to the e-mail address above.** Please note that this is your final opportunity to make any changes to the content of your manuscript. Once the typeset PDF of your manuscript has been created, we will send you a final PDF proof for checking prior to publication.

Best wishes,

Natalie

The Editorial Team, F1000Research

Dear I Gde Rurus,

Your article: "Hypoxic preconditioning promotes survival of human adipocyte mesenchymal stem cell via expression of prosurvival and proangiogenic biomarkers" has just been [published on F1000Research](#) - you can maximize its reach by using the Email and Share options on the article page.

To ensure you receive proper recognition for your professional activities, connect your ORCID iD to F1000Research so that all your work is added to your account automatically (*this is a personalised link – please do not click unless this email was originally addressed to you*): [Connect](#) your existing account | [Create](#) an account

We are now inviting the reviewers that have been suggested by the submitting author of your article, Ricardo Adrian Nugraha. Reviewers are asked to provide a status of 'Approved', 'Approved with Reservations' or 'Not Approved', and a peer review report that will be published alongside the article under their name and affiliation. You will be able to respond to any published peer review reports with a comment and/or publish revisions as a new version of your article, as appropriate.

Please note that we will have to ask Ricardo Adrian Nugraha for additional suggestions if the invited reviewers decline. To monitor the peer review status of your article, please liaise with Ricardo Adrian Nugraha for updates.

Regards

Zena Nyakoojo  
Senior Managing Editor, F1000Research
