To: Nunuk Dyah <nunukdyah53@gmail.com>

Dear Prof. Dr. Nunuk

How are you?

First of all, I would like to send my acknowledgements to you regarding to adjunct professor and paper of Madura cattle.

I interestingly see the data of the parasites in Madura cattle.

And however, I am very sorry, and I cannot understand some points.

I directly added my comments on the attached data file.

If possible, could you answer to my questions?

I understand these examination was done by students and all data cannot be available.

So, I am very sorry to make you bother, and these information is needed

if we try to submit to International Journal.

If you have any questions, please do not hesitate to ask me anytime.

Thank you very much for your kind supporting.

Best regards,

Makoto Matsubayashi.

Dear Prof. Makoto Matsubayashi,

Thank you very much for your email regarding some questions related to eimeria data.
And I will discuss it with the parasitology staff, the answer will be sent immediately.
Thank you very much for the input of the eimeria article

Sincerely yours,
Nunuk Dyah Retno Lastuti

Dear Prof. Dr. Nunuk

How are you?

I am very sorry to be late for my response about the data.

At a glance, it seems to be good in order to revise the Tables for me.

I will proceed trying to remake the Tables.

Please give me some time to do.

Finally, please send my best acknowledgements, to whom made this Excel file, maybe Dr. Poedji Hastutiek?

Anyway, I am sincerely sending my thanks to you.

Please keep taking care of yourself continuously.

Best regards,

Makoto Matsubayashi

Dear Prof Makoto Matsubayashi,

How are you

Currently, the weather in Indonesia are not good so that it affects to health condition.

Covid cases are also increasing, especially in Bangkalan Madura with the same variant from India.

I am sorry if the table data is incomplete, Dyah make excel file.

Thank you very much for your cooperation

Best Regards,
Nunuk Dyah Retno Lastuti

To: Nunuk Dyah <nunukdyah53@gmail.com>

Dear Prof. Dr. Nunuk Dyah Retno Lastuti

How are you?
I wish you are all healthy and fine.

I have received the paper which have been checked by English Native speaker.
I have also checked again and slightly modified it.
This current version seems to be so nice.

I have three asking to you as below;

- 1 Could you please check this final version carefully?
When you all finish, please send me E-mail.
If you and co-authors complete, I will format it according to the journal guidance and finally submit it.
- 2 How about submitting it to Parasitology International?
If you have any preferable journal, please do not hesitate to tell me.
- 3 I attach the invoice for proofing English.
If possible, could you please kindly pay the fee for proofing?
But, if you cannot, please feel free to tell me, and I will pay it as a corresponding author.

If you have any questions, please ask me anytime.

Thank you very much for your continuous cooperation.

Best regards,

Makoto Matsubayashi.

Dear Prof. Dr. Makoto Matsubayashi,

How are you. I'm good health and fine
Thank you for your email and sorry for the slow response
The text of article becomes very good and so nice. Once again, thank you very much
About 3 questions:

1. The paper, it's ok. author and co-author are complete
 2. We agree to Parasitology international Journal
 3. The invoice has been received and we will pay tomorrow Thursday, August 5, 2021. Sorry, Indonesia is still partially locked down so only a few banks are open. We will immediately send proof of transfer to Prof Makoto.
- Thank you very much for your help

Best regards,
Nunuk Dyah Retno Lastuti

Dear Prof. Dr. Nunuk Dyah Retno Lastuti

Thank you very much for your rapid response.

I am so appreciating.

I understood all of your answers.

Especially, I am so thankful regarding to the payment.

Thank you so much.

Additionally, may I ask one question?

Do you have some pictures of Madura cattle and some oocysts?

I must make Graphical Abstract for attaching the paper.

I would like to use some of the pictures, but those of them can be taken by you or your staffs/students if possible,

Your taken pictures will not have strict copyright.

I am so sorry if I ask you too much and make you bother.

If you have, I am happy to send me some clear pictures.

Best regards,

Makoto Matsubayashi.

Dear Prof. Dr. Nunuk Dyah Retno Lastuti

Thank you very much for your kind supporting.

I received E-mail that the company for English proofing has successfully confirmed your payments.

They sent their best acknowledgements about your rapid payments to you.

Thank you very much.

And, I have completed the format on our paper, according to the author guide for Parasitology International.

Then, I have finished all of format, and successfully submitted it today.

I sent all of final version to you.

We are sure that we did our best.

All we can do will be just praying for good decision on our paper.

Please send my great acknowledgement to all of co-authors.

I am sincerely expressing your kind consideration to add me as a co-author.

Thank you so much, again.

Best regards,

Makoto Matsubayashi.

Dear Prof. Dr. Makoto Matsubayashi,

Thank you...thank you very much

The manuscript has been completed and successfully submitted to the journal of Parasitology International.

I have received an automated message from Parasitology International. Do I have to fill out the confirm agreement with the link: <https://www.editorialmanager.com/parint/l.asp?i=73499&i=POBMAH5E>

Regarding the Adjunct professor, do you mind if the class online schedule (zoom meeting) on September 25, 2021

The schedule can be changed, we adjust Makoto's schedule. Do you mind if it's done on Saturday?

Sorry if it has disturbed your holiday

Thank you so much.

Best Regards,
Nunuk Dyah Retno Lastuti

Dear Prof. Dr. Nunuk Dyah Retno Lastuti

Thank you very much for your E-mail.

About the automated message from Parasitology International,

you do not have to do anything.

You can just see it. Thank you so much.

Regarding to Adjunct professor, I do not mind doing the lecture on Saturday (or even on Sunday).

However, I must attend to the Conference for sciences of the wild animals from 22 to 25 (having presentations).

I am very sorry not to agree with your proposed schedule.

If you could, I am happy to choose other candidates although I am very sorry to make you bother again.

(Maybe, October-November will be relatively suitable for me)

If you have any questions, please ask me anytime.

Thank you very much for your kind consideration.

Best regards,

Makoto Matsubayashi.

Dear Prof. dr. Makoto Matsubayashi,

Thank you very much for your information about automated message from Parasitology International

Sorry I didn't know, you have a schedule for the conference of science and I understand, and good luck.

We will reschedule for the first lecture and you can choose on October 9th or 16th.

Thank you very much, and I'm sorry to make bother you.

Best Regards,
Nunuk Dyah Retno Lastuti

Mon, Aug 9, 2021 at 6:01 AM

Dear Prof. Dr. Nunuk Dyah Retno Lastuti

Thank you very much for your E-mail and rearrangement for my lecture.

It seems that I can do the lecture on October 16th.

I will make a reservation for it on the date.

If you can, could you please send me some information for preparing my talk.

1 How long can I have a talk?

For example, is it 60 min, 90 min, or more?

2 How many students will attend on line?

3 What grades of students will attend?

Undergraduate students? or Master or Doctor students?

4 What kind of topics do you want about the lecture?

5 I think I have two lectures in this year. Is it correct?

If so, the next lecture will be done for other different students or the same ones?

Is it better that I prepare different topics (especially if the same students will attend)?

I am very sorry to ask many questions.

It will be helpful to make the slides and construct story of my talk.

It is not in a hurry, and it's OK when you have a time.

Although I cannot visit Indonesia soon,

I am actually looking forward to seeing you and your students.

Thank you very much for your kind consideration.

Best regards,

Makoto Matsubayashi.

Dear Prof. Dr. Nunuk Dyah Retno Lastuti

How are you?

In this mail, I must apology the schedule for lecture.

As you proposed two candidates, could you please change the lecture on October 16th into the lecture on **October 9th**?

I am very sorry, and I forgot that I had to the symposium lecture for Eimeria infection on October 16th.

If possible, I am happy that you can change the date.

I am very very sorry to make rearranging some time.

Sincerely yours,

Makoto Matsubayashi

Dear Prof. Makoto Matsubayashi,

How are you.

About the lecture on **October 9th**? It's no problem

About your some questions:

1. How long can I have a talk?

For example, is it 60 min, 90 min, or more ? **about 90 min and discussion 30 min (total 120 min).**

2. How many students will attend on line? **about 280 students**

3. What grades of students will attend?

Undergraduate students? or Master or Doctor students? **Undergraduate students**

4. What kind of topics do you want about the lecture?

The topics about Protozoa of Gastrointestinal (GIT) and diagnosis methods: microscopic, staining, immunofluorescence, isolation and purification of Eimeria, Entamoeba, Cryptosporidium etc.

5. I think I have two lectures in this year. Is it correct? **One lecture (2021) and one lecture (about march 2022) according to adjunct professor contract**

If so, the next lecture will be done for other different students or the same ones? **Next lecture for Master, Doctor and PPDH (Profession Program)**

Thank you very much for your cooperation, and don't hesitate if you have any questions regarding adjunct professor

Sincerely yours,
Nunuk Dyah Retno Lastuti

Dear Prof. Dr. Nunuk Dyah Retno Lastuti

Thank you very much for your E-mail.

I am do appreciating your agreement about changing the date.

I will fix the date, October 9th, for the first lecture to undergraduate students.

And thank you so much for sending the information, and I understood all.

We will discuss the second lecture to senior students including Ph.D. later.

Thank you very much for everything.

By the way, our paper is now under review.

Have a nice weekend!

Best regards,

Makoto Matsubayashi.

Dear Prof. Dr. Nunuk Dyah Retno Lastuti

How are you?

Last night, I have received the happy news to inform our paper has been accepted as below.

Congratulations!

I am so happy to hear that, and this is the first paper together between UNAR and OPU.

I am expressing my gratitude to give me a honor opportunity to join writing the paper with you.

I appreciate so much.

I will let you know when I receive the proof to be checked before publication.

Continuously, I am so pleased to collaborate with you as the next steps.

Please send my best regards to all of coauthors.

And I am looking forward to seeing you and your students this Saturday on Zoom.

Thank you very much, again.

Sincerely yours,

Makoto Matsubayashi.

件名: Decision on submission to Parasitology International

Manuscript Number: PARINT-D-21-00310R1

Coproparasitological examinations and molecular determination of Eimeria species in Madura cattle reared on Madura Island, Indonesia

Dear Dr Matsubayashi,

Thank you for submitting your manuscript to Parasitology International.

I am pleased to inform you that your manuscript has been accepted for publication.

My comments, and any reviewer comments, are below.

Your accepted manuscript will now be transferred to our production department. We will create a proof which you will be asked to check, and you will also be asked to complete a number of online forms required for publication. If we need additional information from you during the production process, we will contact you directly.

We appreciate you submitting your manuscript to Parasitology International and hope you will consider us again for future submissions.

Kind regards,
Yukifumi Nawa
Editor-in-Chief

Parasitology International

Editor and Reviewer comments:

This manuscript has been precisely revised.

So, I consider this should be accepted by Parasitology International.

Dear Prof. Dr. Nunuk Dyah Retno Lastuti

Thank you very much for your E-mail.

Publication fee is nothing.

This journal is publishable for free if accepted.

I will send my PDF slides for my lecture, but now my slides are still under constructions.

I will talk about Eimeria spp. in detailed, what interesting and important protozoa it is!

About the next paper, please be not in a hurry.

We must check the proof if we receive it.

Anyway, thank you very much for your warm and kind collaboration.

Best regards,

Makoto Matsubayashi.
