Editorial
Economics and Sociology (ISSN 2306-3459 Online, ISSN 2071-789X Print) is a quarterly international academic open access journal published by Centre of Sociological Research in co-operation with University of Szczecin (Poland), Szechenyi Istvan University (Hungary), Mykolas Romeris University (Lithuania) and Dubock University of Trenčín, Faculty of Social and Economic Relations (Slovak Republic).
The general topical framework of our publication include (but is not limited to) advancing socio-economic analysis of societies and economies, institutions and organizations, social groups, networks and relationships.
Looking back on 2014 we see the growing of interest in E&S. Taking this possibility, we would like to say thank you to all our contributors, researchers and readers. At the present moment, we see the necessity to update our strategies and mission for forthcoming years in order to comply with your needs and expectations. First of all, we became the part of open access process and all materials are available online. Secondly, from 2014, E&S became a quarterly publication.
We welcome articles written by professional scholars and practitioners in:
• economic studies and philosophy of economics,
• political sciences and political economy,
• research in history of economics and sociological phenomena,
• sociology and gender studies,
• economic and social issues of education,
• socio-economic and institutional issues in environmental management,
• business administration and management of SMEs,
• state governance and socio-economic implications,
• economic and sociological development of the NGO sector,
• cultural sociology,
• urban and rural sociology and demography,
• migration studies.

The body of the email contains the following text:

Dear Author
desk-review
Good data and logical presentation overall, however, the text has serious problems with the language, grammar of verbs and sentence structure in the first place. The text needs to be thoroughly proofread.

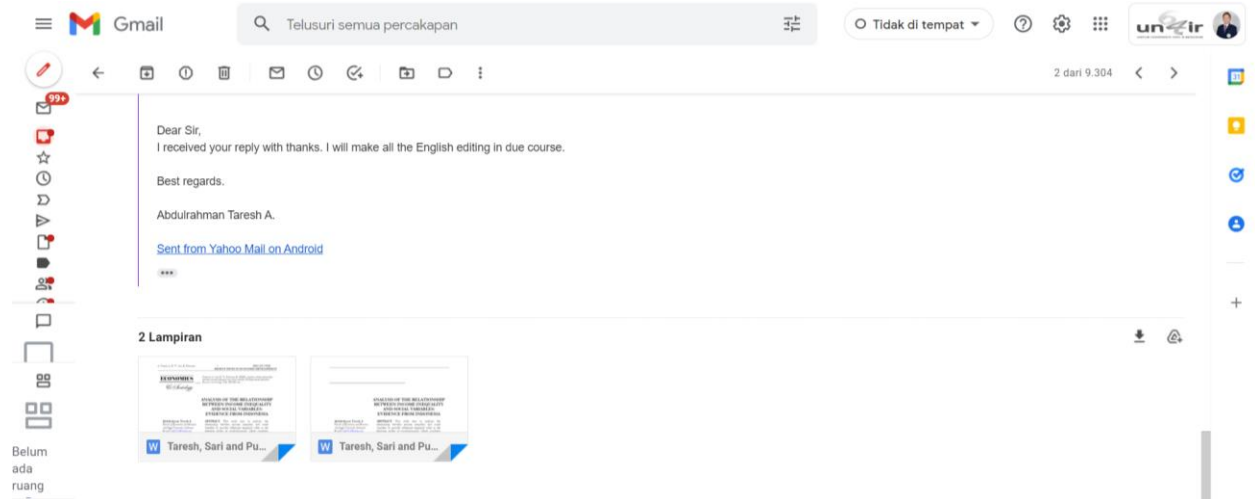

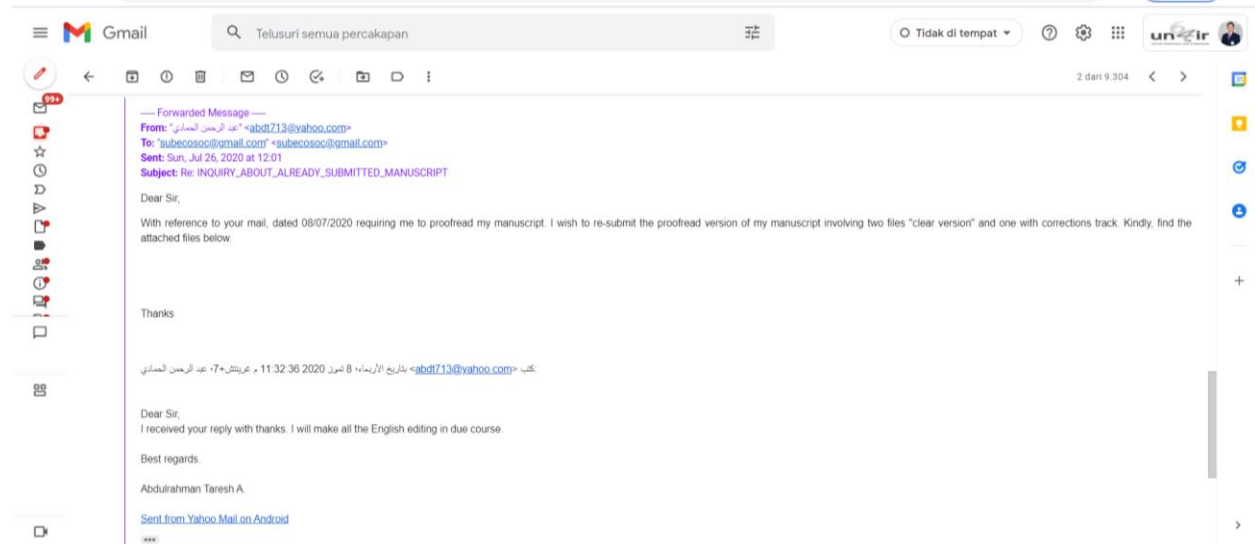

Once ready, please, provide the final version in two formats - "clean" final and also the one with tracked changes in editing mode where all necessary changes are visible

...

At the bottom of the email, there are two buttons: "Balas" (Reply) and "Teruskan" (Forward).

Dear Author
stat review

ANALYSIS OF THE RELATIONSHIP BETWEEN INCOME INEQUALITY AND SOCIAL VARIABLES: EVIDENCE FROM INDONESIA (authors: Abdulrahman Taresh A., Dyah Wulan Sari, Rudi Purwono)

In my opinion the reviewed article is correct from the point of view of using statistical methods. Used statistical analyzes and econometric models are applied correctly.

The study was designed properly and conclusions from the analyzes are correctly formulated.
