Reviewer Checklist

Journal Title : **Comparison of Increased Knowledge and Existance of Larvae between before and after education in primary school guards in Mojokerto City**

Evaluation Criteria	1	2	3	4	5	Comments
TITLE, ABSTRACT AND INTRODUCTION						
The title is relevant, precise and reflects the overall contents of the study.				V		Judul lebih jelas bila diubah menjadi Comparison between knowledge of DHF prevention and existence of larvae in water shelters before and after education to the elementary school's guard in Mojokerto
The abstract is clear and precise consist basic information, which includes the purpose, issues, methodology, and significance of the study.				V		Metode perlu ditambahkan keterangan intervensi yang diberikan terkait <ol style="list-style-type: none"> 1. pemberian kuisisioner sebelum dan sesudah penyuluhan 2. pemeriksaan larva di bak air sebelum dan sesudah 3. Bentuk penyuluhan yang diberikan berupa metode apa (ceramah,

						booklet, brosur dll)
The abstract reflect the overall content of the study.					V	
Keywords are relevant and appropriate.	V					belum ada keyword
The introduction section has a clear statement demonstrating that the focus of the study. The problem definition is stated clearly. There is a brief, well-articulated summary of research literature that substantiates the study.					V	
The purposes, research question(s), and /or hypotheses appropriate to the topic and area of study are related clearly.					V	
The significance of the study is described in terms of: a) Knowledge generation b) Professional application c) Positive social change					V	Perlu ditambahkan manfaat dalam introduction: Bila metode penyuluhan terbukti efektif, metode ini bisa dijadikan alat penyuluhan untuk sekolah-sekolah yang lain.
Show appropriate preparation and knowledge through the background/ review of literature in the related area.					V	
Comparison/ contrast of different viewpoints/ different research outcomes is made.					V	
The content of the reviews is drawn from acceptable peer-reviewed journals or sound academic journals and the literature is reasonably recent					V	
METHOD						

Clearly explain the research design, sampling procedure and instruments development.					V	
The process by which the data were generated, gathered, and recorded is clearly described.					V	
How the data will be analyzed is articulated. Clearly describe the software program used to analyze the data.					V	
FINDINGS AND CONCLUSION						
Results are presented clearly and analyzed appropriately.					V	
The conclusions adequately tie together the other elements of the paper.			V			Ada ketidak konsistenan antara judul, tujuan dan kesimpulan. pada kesimpulan kata-kata larva existance menjadi hilang, tinggal pengetahuan saja
The paper identifies clearly any implications for research, practice and/or society.					V	
The findings are clear, well grounded and thought out.					V	
WRITING AND REFERENCING STYLE						
The paper clearly presents its case and is written with correct grammar, punctuation, spelling and sentence structure.					V	
Does not have over-reliance on limited sources and in-text citations are found in the reference list.					V	Bila memungkinkan tambahkan citasi hasil penelitian dosen/mahasiswa FK Unair (untuk meningkatkan indeks sitasi)
