Submission Title: Repeated Frying of Olive Oil Has a Better Effect on Survival Rate Compared to Palm Oil Through Glucose Energy Metabolism Increase in Mice

Dear Dr. Herawati,

Thank you for your submission to "Current Nutrition and Food Sciences(CNF)". It will be sent to the Editor-in-Chief for his initial provisional approval. Once this is obtained it will be sent for peer-review. The manuscript is being processed on the clear understanding that it contains original work that has neither been published earlier nor has it been simultaneously been submitted for publications elsewhere. In case this is not so, then kindly let us know immediately.

Please note that Bentham Science uses **Cross Check's iThenticate** software to check for similarities between the submitted and already published material to minimize any chances of plagiarism.

Further, as per Bentham Science Ethical Guidelines for Publication, all manuscripts are processed with the understanding that all authors and co-authors have reviewed and accordingly approved the manuscript before final submission to avoid any conflicts of interest later. Our ethical policies can be viewed on the Journal's website.

**Articles which are well referenced (100 or more references) may have high chances of acceptance by referees and they are likely to attract a greater number of citations The recommended number of references as per norm (<https://clarivate.com/essays/impact-factor/>) for Review Articles is approximately 100 or more, for Research Articles 75 or more, for Mini Reviews 75 or more & for Letter Articles 50 or more.**

In case of any doubt or conflict please contact us.

Your manuscript has been assigned to the following Editor/Manager to whom all correspondence may kindly be addressed:

Name: Maria Leticia Estevinho  
Affiliation: ,Campus Santa Apolónia  
Country: Portugal  
Email: [leticia@ipb.pt](mailto:leticia@ipb.pt)

### Few tips to enhance the visibility & citations of your article:

- If you don't already have an ORCID ID please create one at <https://orcid.org/register>
- **Selection of Appropriate Keywords:** Please choose important and relevant keywords that researchers in your field could be searching for so that your paper can appear in many database searches. In biomedical fields, MeSH terms are a good 'common vocabulary' source to draw keywords from: see <https://www.nlm.nih.gov/mesh/meshhome.html>
- The names of the authors should be provided according to the previous citations (or as the authors would want them to be published) along with their institutional affiliations, current addresses, telephone, cell & fax numbers

and the email address. Email address must be provided with an asterisk in front of the name of the principal author. The corresponding author(s) should be designated and their complete address, business telephone and fax numbers and e-mail address must be stated to receive correspondence and galley proof. It is also suggested to regularly update your profile in SCOPUS and other databases.

- Authors should avoid the use of non-standard abbreviations and question marks in titles.

**For articles submitted from non-English speaking countries, authors should have their articles carefully checked and the language corrected by a native English speaker. Alternatively, authors may want to avail Bentham's English language correction service. For a quote please contact Bentham editorial office.** Please note that your article will not be processed till you have completed and returned the attached fee form by replying to this e-mail.

Looking forward to a successful collaboration in the publication of your article.

Sincerely,

Ms.Nida Badar  
Manager  
Bentham Science Publishers  
E-mail: [nidabadar@benthamscience.net](mailto:nidabadar@benthamscience.net)  
[cnf@benthamscience.net](mailto:cnf@benthamscience.net)

Bentham Science is constantly striving to improve its publication practices. If you are not satisfied with any procedure of the processing of your manuscript, then please let us know at the following email address with full details:

Note: For Assistance please contact: [info@benthamscience.net](mailto:info@benthamscience.net)

For complaints please contact: [complaint@benthamscience.net](mailto:complaint@benthamscience.net)

Submission Title: Repeated Frying of Olive Oil Has a Better Effect on Survival Rate Compared to Palm Oil Through Glucose Energy Metabolism Increase in Mice

Dear Dr. Herawati,

I am pleased to inform you that your proposed research article is suitable for publication in ***Current Nutrition and Food Science***.

Please remember that submission of a manuscript is not a guarantee for publication as all manuscripts need to be peer reviewed before publication.

**No page charges will be levied to authors for the publication of their review articles. For a contribution of Research manuscripts the publication charges will be US\$ 500.** Please find the attached fee form for research articles, kindly fill it and send it back to me. Please note that your manuscript will be proceeded further after receiving the payment form.

Please feel free to contact me in case of any query.

Looking forward to hearing from you soon.

Regards,

**Nida Badar**

Senior Manager (Publications)

**Note:**

Please reply to this email at [cnf@benthamscience.net](mailto:cnf@benthamscience.net) otherwise your email will not reach me.

An interesting new journal entitled "**Coronaviruses**" is being launched by Bentham Science under the Editorship of **Prof. Jean-Marc Sabatier, Institute of NeuroPhysiopathology, Marseille, Cedex, France**, with **Prof. Ferid Murad (Nobel Laureate, Stanford, USA) & Prof. Atta-ur-Rahman, FRS, (UNESCO Science Laureate)** as the **Senior Honorary Advisors**. To: Current Nutrition and Food Sciences CNF <[cnf@benthamscience.net](mailto:cnf@benthamscience.net)>

Dear Ms Nida Badar  
Senior Manager (Publications) of CNF,

I apologize... Is my manuscript accepted? If yes, could you please give a LOA? I need the LOA to inform my institution to pay \$500.

However, we need time to pay it and it is hard for me to say how many times, because it depends on my institution. My institution will also check the journal and publisher to make sure that it is not predatory journal/ publisher.

Hopefully you can understand.

Thank you

Best regards,

**Lilik Herawati**

Dear Dr. Herawati,

Thank you very much for your email. Let me clarify that your article has been initially checked for suitability for the journal's aims and scope. At this moment we only require a fee commitment from your side in the form of a signed payment agreement. However, you will only be charged for the page charges in case of acceptance of your article after peer-review and final acceptance from the journal's Editor-in-Chief.

I hope that everything is clear now. Please submit duly filled and signed payment agreement form in order to proceed with your manuscript further.

Please stay in touch for any query.

Regards,

**Nida Badar**  
Senior Manager (Publications)
