ACKNOWLEDGEMENT

Writing thesis is a big challenge for me because there are plenty obstacles and difficulties melt and felt. Nevertheless, I realize that there is no problem since I have commitment to do and finish it on-time. So, when it is finished I must deliberately praise and say *Alhamdulillahirobilalamin*. Firstly, I would like to send gratitude to my God, Allah SWT who gives countless mercies, blessings, and permit until I could finish this thesis. When there is no one beside me while I was on my hardship, Allah is always be with me. Secondly, for what I am being now, I would like to thank to my family, my Mother, Father, Brother, and Sister for every single love and care. I would like to present this thesis for them.

I would like to thank to my thesis advisor, Yulia Indarti, M.A. who gives me valuable advices and supervisions until this thesis finish on time. There are many critics and suggestions so that I become motivated again to accomplish this thesis. I also want to thank to Lusvita Nuzuliyanti S.S. M.App.Ling for urging me several guidance, useful suggestions and sources. I would also deliver my huge gratitude to Drs.Aribowo, M.Hum who gives me motivation for this semester during my difficulties. He also gives valuable spirit to encourage me.

My huge gratitude is also addressed to my friends within five years accompanied me during my bad and happy day. There are a lot of beautiful moments we have been through together in this endless friendship. For all my friends in EDSA 2005, especially Faisal, Jaka, Fauzi, Andi, Fima, Joshua, Fahrul, Erma, Sarwendah, you are the best friend I have ever had. Thank you for every

unforgettable snapshot of moment that we have experienced together. I would keep it as my everlasting memories. Missing very badly for the fascination journey with them all and now, we are ready to depart in the next stages of life. For EDSA-er 2006 and above, even though I do not write your name one by one, but you have been written orderly in my heart.

Traversing to my interest on journalistic, I could not forget BSO LPM SITUS 2005-2006 and LPM MERCUSUAR 2008-2010. There are many people who inspiring me, I could not forget for our news' hunting day by day just only for revealing some information. Thank you guys for wonderful memories we have got to dedicate our time working with deadline! For BEM FIB 2008 and BEM-UNAIR 2008-2010 crews who cannot be mentioned the name one by one, I have learned teamwork through our amazing project, guys!

My thanks also address to my gaming friends in my leisure time. They are such of though and competitive person in cyberspace. My mind was wandering, when I enter the cyber world and compete with them. Even so, I could learn fair play and teamwork to win a competition through hard steps until we can reach a triumph. Especially for *clan bltz* and *clan djem*. Happy gaming guys, keep sportive and fair play.

Success

*To laugh often and much;
To win the respect of intelligent people and the affection of children;
To earn the appreciation of honest critics and endure the betrayal of false friends;
To appreciate beauty, to find the best in others;
To leave the world a bit better, whether by a healthy child, a garden patch or a
redeemed social condition;
To know even one life has breathed easier because you have lived.
This is to have succeeded.
