Alhamdulillahirobbilalamiin that is the first word that I want to say. Finally I have finished my thesis. This thesis will not be successful without the blessing of Allah SWT, who always gave me strength, patience, health while I was doing this thesis. This is not the end of my struggle but this is the first step to get my better life, Amin.

I want to give my great thankfulness to both my parents and my big brother, Ayah, Mama and Dypsi for their understanding, pray, and support in finishing my study and my thesis. Thanks to Ayah for giving me all the facilities I need, and your promise to give me a new laptop if I can finish my study in three and a half year. To Mama, thanks for being a mother and your pray every night for me; that helps me a lot. This thesis is a proof to three of you that I can fulfill your wish and your challenge to finish my study and my thesis in a three and a half year this semester. I also want to say thank you to Kebongce, Savira Handayani, Imas Weny, Nimas
