## ACKNOWLEDGEMENTS

Writing this thesis was a precious experience for me. I found so many things that I had never imagined before but I could gladly say now that it was over and I cherish every moment I had gone through. First of all, I would like to say my huge gratitude to Allah SWT. Who never failed to light my spirit up when I was down and I did not know where else to turn.

I thought this thesis would never be accomplished without the help of my thesis advisor, Mr. Hariawan Adji. Thank you for your tremendous aid and advice. Thank you for making me critical toward anything. I would also like to thank to the rest of lecturers of English Department for their guidance and information for all these times.

Undoubtedly, there are a lot of people to thank. First and foremost, I would like to thank to my mother, maybe she was not the greatest mom on earth, but definitely she was the best mom I ever had. And, I dedicated this to my father who had been very supporting all this time. My endless gratitude went to my parents for taking care of me. Also want to thank to my brothers and sister.

Thank you to the great people, Angga, Intan, Candra and their Mother, who always be my inspiration to do the best thing I could, and Leli, who always gave me a big support to finish my study.

There were still many people to thank because without these guys I would not have great college years. Thank you to Stefany for the information she gave to me and Fina for being my second reader. Thank you to all English department students 2004 for being my best friends and to the rest of the students of English department.
