Dear Ni Putu Anggun

Thank you for submitting your manuscript:

**Case Report: Successful primary PCI in octogenarian with acute-on-chronic kidney disease and TAVB after acute myocardial infarction: A case-report**

Andrianto A *et al.*

**Funders:** you have stated during the submission process that this work has been funded by:  
Lembaga Pengelola Dana Pendidikan

**As of 1st September 2020, Article Processing Charges (APCs) on F1000Research are based on article type rather than article length. Charges are payable once the article has been accepted for publication. A full explanation of the price transparency breakdown for the article type categories is available [here](#).**

### WHAT WE DO NEXT

**Before accepting your article:** we will check content suitability, readability and manuscript format; adherence to ethical standards for the type of study; that the underlying data have been supplied (where appropriate); and that

Dear Ni Putu Anggun

Case Report: Successful primary percutaneous coronary intervention in octogenarian with acute-on-chronic kidney disease and total atrioventricular block after acute myocardial infarction

Andrianto A, Laksmi NPA and Herdyanto R

I'm pleased to be able to let you know that Mohammad Ullah Firoze has reviewed version 2 of your article and has **changed their previous status FROM 'approved with reservations' TO 'approved'**. You can read their comments [here](#).

If you wish to respond directly to the reviewer by adding a comment to their report (now, or at a later stage), please click the 'Respond to this report' button below the peer review report. When responding to a peer review report, please try and make sure you are logged into the account that you originally used for the submission of this article, otherwise we cannot identify your response as being from an author. Please allow up to one working day for your comment to appear (comments explaining changes in the revised version of your article are usually published at the same time as the revised article).

Best regards,

Ana

Dear Ni Putu Anggun,

I'm pleased to let you know that your article:  
"Case Report: Successful primary percutaneous  
coronary intervention in octogenarian  
with acute-on-chronic kidney disease and total  
atrioventricular block after acute myocardial  
infarction" has just been [published on  
F1000Research](#).

### **The Peer Review Process**

If peer review reports have previously been published on your article, we are currently in the process of re-contacting these reviewers to ask if they are available to re-review your revised article. Peer reviewers are given the opportunity to update their previously assigned Report Status and provide any additional feedback they may have. We will be in touch to let you know if and when any updated peer review reports for your article are published. If your article is still in need of additional reports, please provide additional reviewer suggestions via the [Suggest Reviewers](#) page; this page can also be accessed via the article's record at [My Research >> Submissions](#).
