ACKNOWLEDGEMENTS

First of all, I would like to say my huge gratitude to Allah SWT who has blessed us with His hidayah. Second, sholawat and salam to our prophet Muhammad SAW who has brought us from the darkness to the light.

Writing this thesis is surely a life changing experience to me. I discovered so many things during writing this thesis. I had my lowest low and my highest high during the process, but, in the end, I find myself grow more mature compared to when I started. It sounds a bit cheesy for some people, but it is true.

This thesis will never be accomplished without the help of my thesis advisor, Drs. Jurianto M. Ed.. Thank you for your tremendous aid and advice. Thank you for making me critical toward anything, I never feel the same again since I joined your class of the very first time. I would also like to thank the rest of lecturers of Universitas Airlangga for their guidance and knowledge for all these times.

No doubt, there are a lot of people to thank. Without them this thesis will only be a piece of boring work, instead of meaningful experience. First, I would like to thank my mother, maybe she is not the greatest mom on earth, but definitely she is the best mom I have ever had. And, I dedicate this to my father who always supports me all the time. Also I want to thank my younger brothers and sister, Arif, Mila, and Aam who always accompany me all the times.

There are still names to thank because without those persons I would not have great college years. Thank you all my friends in English Department Universitas Airlangga. I know I can be such an annoying person sometimes. Thank you very much.
