#### ACKNOWLEDGEMENTS

Writing this thesis is a big challenge to me. I am able to push myself into the peak limit of my life. I felt many times when I did not have any idea to start my thesis. I had my lowest low and my highest high during the process, but, in the end, I find myself had reached the final point of this. The glorious moment comes after I finished my thesis, I can gladly say that it is over.

First of all, I would like to say my huge gratitude to God who gives a spirit to do my thesis and gives His guidance to me when I find nothing in my life.

This thesis will never be accomplished without the help of my thesis advisor, Dewi Meyrasyawati, M.A. Thank you for your guidance and advice. Thank you for making me critical toward anything, I never can finish this thesis without your tremendous aid. I would also like to thank the rest of lectures of Airlangga University for their guidance and knowledge for all these times.

There are more people to thank. Without them this thesis will only a piece of boring work, instead of meaningful experience. First and foremost, I would like to thank my father, who wants to forgive me for all of my sins. He is the best father in the world. I also want to thank my sisters and my brothers for their time.

There are a lot of people to thank because without these guys, I would not have great college years. Thank you for my best friend, Nidia for being so patient with me. Thank you to Sita, Siti, Zandra, Mira, Lisa, Mbak entik, and many more for being my best friends. And the most important, I want to thank my aunt who has accompanied me in my lowest point. Thank you to the rest of the students of English Department. So, verily, with every difficulty, there is relief Verily, with every difficulty there is relief Therefore, when thou art free (from thine immediate task) still labor hard And to thy Lord turn (all) thy attention
