Dear Author,

We are pleased to inform you that your paper entitled "Correlation between blood urea nitrogen level and cochlear outer hair cell function in non-dialysis chronic kidney disease patients" has been accepted for publication in the Journal of Public Health Research.

To make accepted papers immediately available and citable, our journal offers the "E-pub Ahead of Print" publication system. It means that your article will be posted online before insertion in a regular issue in about two weeks from acceptance and can then be cited with its unique DOI number.

The E-pub Ahead of Print publication can be worked out after receiving:

1. Your approval by email.
2. Receiving the Copyright and License form ([License Agreement](#)) from the Corresponding author; while EACH author of the paper has to download and fill in the Conflict of Interest form ([Conflict of Interest](#)).
All the forms must be sent to: nadia.moscato@pagepress.org
Please note that these documents are mandatory for publication.

3. the [Article Processing Charge](#) (EUR 700 + VAT 4%). We advise prompt payment as we are unable to produce publication files for the accepted articles until full payment has been received.

Payment can be made by one of the following methods:

PayPal/Credit cards – these are the most recommended and secure payment systems, enabling you to pay without sharing your financial information and getting your payment receipt immediately.

Dear Author,

Your submission "Correlation between blood urea nitrogen level and cochlear outer hair cell function in non-dialysis chronic kidney disease patients" to **Journal of Public Health Research** now needs to be proofread by following these steps.

Click on the Submission URL below.
Log into the journal.
Click on GALLEYS in the PRODUCTION section and proof the galley(s) in PDF format.
Carefully check the file.

Please note the following:

- At proofreading stage it is not possible to make any changes other than minor amendments: please restrict your alterations to the correction of factual errors or misspellings. Avoid changes that will cause large amounts of text to move to different pages as it will affect the numbering of index entries, creating extra work and cost.
- Hyphenation of words is not questionable. Hyphens to separate syllables are automatically generated by the computer program, in accordance with the official English syllabification.

If corrections are needed (only minor typographical and format), send a copy (via email) of the PDF, highlighting where they have to be done and accompanied by an email with the list of changes.
