## ACKNOWLEDGEMENT

Thesis is the only thing that I am afraid of when I have to attend the university. This is true since I have found many of my seniors worked hard on their thesis, not having much time to do anything else just to finish the thesis before the deadline. As the time goes by, I realized that the real match is waiting right in front of me whether I am ready or not, not here in university but somewhere out there. So, I have to struggle and face all of the challenges that may appear while finishing my thesis, because it is one of the key for me to unlock the door that leads me to the world.

Thesis will be the peak of all my hassles in university, so I try my best to do it. And this thesis will not be finished without any help from people surround me; they help me without taking any favor from me.

I dedicated my very gratitude to my Lord, Jesus Christ, He is good, and without His blessings I probably could not finish this thesis. He gives me strength and blesses to finish my thesis and all my study in university.

Thank you for my thesis advisor, Mr. Jurianto, M.Ed., I probably do not make it without your helps and advices. You offered me some great ideas about what to write and what to do when i came to you when I have no ideas about what to write.

Million of gratitude will never be able to pay you back but I still would like to say thank you to you for your helps, your advices, patience, for your time, and for your attention to me. I would like to say sorry for making many mistakes during

the consultations or during his class. Your kindness, advices and help mean a lot to me.

To all my participants, thank you for your time and chance to observe all of you. I will not be able to write this thesis without your help.

The other gratitude is for my parents, who are always be there to support me whenever I am doing wrong or right. I am being thankful to the Lord to have them in my life. I am not a good daughter and they probably are not perfect parents, but still I love them. They always support me through all the ways although they showed in when they are nagging at me; I do not mind at all, I will try my best to make you proud of me. I love you both. To little sister, although she is also like to nagging at me, I want to say thank you for making me such a great older sister, thank you for all her supports, you are my best friend, Maria. I love you.

To Mr. Hariawan Adjie, S.T., M.kes. thank you for helping me with the statistics since I am not very good to deal with it. Without you, I do not know what to do. Thank you for your support and attention, and please pray for me Father so I can be a better person.
