 Genre : Angst, Romance, Fluff, Friendship, Family life, School life

Lee Sungmin, a pretty young girl who is like a bright sun that lightens up everybody's mood whenever she's there. Her smile is a precious jewel that one will treasure once a person will see and keep it. However, the sunny aura this girl possesses was suddenly taken away and hid inside her due to an incident that almost took her everything and led to meet three of her most favorite oppas now that protected her. Also, **Lee Eunhyuk**, her older brother, was always there for her when she was at her down.

She would only be on her normal self around her brother, her three oppas, **Kim Heechul**, **Kim Kangin**, & **Shin Donghee a.k.a Shindong**, her childhood friend and crush, **Kim Yesung**, and her best friend, **Lee Donghae**. They are the ones who knew about what happened and do their best on changing her back.

When they reached college, Sungmin still has geeky image she brought when she was in high school. There she met a friend named **Kim Ryeowook**, who has her affection on herself, five years ago before *it* happened.

Probably the most memorable event in her life was when she met her first boyfriend, **Cho Kyuhyun**, a certified playboy, a relationship breaker, and an expert heartbreaker.

Who will be the first one who change between the two of them when they meet and face each other? Or will pride take over them and refuse to surrender and lose? Will this be a battle of love, or battle of pride?
