ACKNOWLEDGEMENT

My first and biggest appreciation goes to You, My Lord, for the guidance and for showing me the ways of finishing this thesis. Thank you for everything You have given in my life.

My deepest gratefulness is also addressed to my thesis advisor, Dra. S. E. Widjajati, MS., for her times to guide me in the process of writing this thesis. Thank you for sharing me your knowledge, teaching me to be critical in using grammar and elaborating the novel with the theory, and lending me books which are actually very useful for my study.

Gratitude to all members of my family: my mother and father whose are the only source of funds in making this thesis. My gratitude also goes to all of my friends in the English Department class of 2005 and the rest of 2005 classmates, thank you for the great times and memories. To all my friends in English Department class of 2000, 2001, 2003, 2004, 2006, 2007, 2008, and 2009, thank you for the great times and memories. And also for all my friends in S.E.M (Surabaya Extreme Metal) community.
