Dear Dr Kusumawati

Please let me know if you need my help with this. However, I think you will find that the production editor has done a great job. I have answered one of the two queries for you (this was just giving a publisher location).

best regards

Paul

Dear Dr. Paul C Guest,

The second queries is about the reference no 44 and 82 which you have just corrected only the number 42, is it correct? How about no 82 should I still add the publisher location?

Best regards,

Idha
