 Subject: Your article is now published

Dear Tri Pudy,

I'm pleased to let you know that your article, "Analysis of contact tracing surveillance for COVID-19 among healthcare workers in secondary referral hospital, Indonesia" has just been published on F1000Research.

**The Peer Review Process**

We are now inviting the reviewers you have suggested. As part of their reports, reviewers are asked to provide a recommendation of 'Approved', 'Approved with Reservations' or 'Not Approved', and their report will be published alongside the article with their full name and affiliation. You will be able to respond to any published reports with a comment and/or by publishing revisions as a new version of your article – we will send you instructions on how to proceed when you begin to receive reports.

It is important that authors do not contact the reviewers directly, as this could result in invalidating their report.

Please note that we will ask you for additional reviewer suggestions if the invited reviewers decline. In order to avoid any delays with the peer review of your article, please continue to check your [Submit Reviewers](#) page for updates and respond to any email requests as soon as you can.
