ACKNOWLEDGMENTS

Alhamdulillahirobbilalamin. All praises to Allah SWT who always accompany me during ups and downs to complete this thesis. Writing this thesis has perfectly changed my life. I found that it is like a process to be more mature. I always believe that Insya Allah good things always come to those who love life. I just focused on building myself, so that I can finish this thesis on time.

First of all, I would like to say my deep thank for the help of my thesis advisor, Retno Wulandari Setyaningsih, M.ITS. Thank you for your tremendous aid, advice and feedback, and thank you for asking me to be critical toward anything. I would also like to thank the rest of lecturers of Airlangga University for their guidance and knowledge for all these times.

There are still many people without whom I will never accomplish this thesis. Foremost, I sincerely dedicated this thesis for wonder woman called mom. You may be not a hero for other people, but you are the reason I can be a hero for fighting this thesis. And also my deep thank for my superman, I used to call dad. Thankyou for being an alarm to finish this thesis. I also thank to my old sister and her cutest son who always cherishes me. My endless thank come for my family.

There are still names to thank because undoubtly they have important role in making great experience during completing this thesis. Thank you for Rika, Winda, Anastasia, and Aditrie for being my best friends in the sweetest 4 years. You guys are so meaningful for me. I also thank the rest of the students in 2009 year. More for my best boys and super women I could not mention one by one, thank you for your shoulders. And also for someone who taught me to stand

alone, so I realize that I have power to do anything by myself more than I thought before. There are still a lot of names I could not mention one by one. My deep thanks for you all. With all of my strength, weakness, happiness and sadness, I love my life every single time during writing this thesis. Now, I am grateful to say that I can finish this thesis.
