Acknowledgments

Alhamdulillah Rabbil 'Alamin. My first and sincere gratitude goes to Allah SWT for the guidance throughout the most difficult times. This thesis would have never been finished without the favor of Allah SWT.

The special appreciation goes also for my thesis advisor, Dr. Deny Arnos Kwary, whom I have learnt many from during the process of writing this thesis. Thank you for your advice, supervision, and motivation for me so that the thesis has been completed in time.

I also would like to express the gratitude for my family. Thank you for the motivation and the trust that they put in me. In addition, I also would like to thank to the special one whom I cannot mention explicitly. Thank you for the special encouragement. Hope a great future ahead of us.

I must also acknowledge my friends; *mas* Ciko, *mas* Breng, and *mas* Made as the final assignment in Method of Linguistics Research has become the starting point of this thesis's ideas. Thank you also for Samid who contributes for the thesis by giving me the important data. And the last but not the least, thank you for my best friends, especially the English Department of Airlangga University whom I cannot mention one by one. Thanks for the joy and happiness so that I can feel relaxed during the stressful times.

You have to pay the price to win and you have to pay the
price to get to the point where success is possible.
Most important, you must pay the price to stay there.”*
