ACKNOWLEDGEMENTS

Alhamdulillah. I finally can finish this thesis. All praises and gratitude be to Allah SWT, the Almighty, the Great Lover Ever, for giving me a chance to be what I called 'me', with all of the things you give in me and all the wonderful people around me. Sholawat and praises also goes to the most beloved prophet, Muhammad SWT, may peace and blessing is upon him.

My deepest appreciation is for my advisor, Deny Arnos Kwary, this thesis would be impossible without his help. Thank you for your patience, your brilliant idea, and your knowledge in leading me conducting my thesis. You do nothing but inspired me, to do the best of what we are really want to do. That is why I choose you to be my thesis advisor.

For mom, well I've finally done it, right?. Hope this is also the thing I can only do for you to make you happy. I always ask Allah for letting me give you another happiness. Thank you for giving me your trust to finish my study here in Surabaya. Father, I know Allah keeps you there and let you know that I had given you what you really want me to be. All of these things are for you. Thank you.

My sister, Bunga, what a glorious heart God had given to you. Let me change your position and go find some fun out there. My little sisters, Isti, Aulya, Intan and Hening. The life, the future, and the reasons why I have to be live still. You guys are my little friends who taught me how do we always have to be strong. For Dion, I really cannot achieve and through all of this without you. Believe me we can still continue the story.

My endless gratefulness also addressed to Ibu Penny and the family, for your geneourisity supporting me and my family financially. I couldn't imagine how could we be survive without your help and your motivation to keep facing the life.

Thank you for the family I have here in Surabaya, Bapak and Ibu, thank you for your attention, support, help, your valuable advice and for making me as your own daughter. Thank you for people who have helped, encouraged, and fulfilled my life in here. Mbak Deby (the philosopher of life), Mbak Lintang &

Titin (for the sadness and the joy we have together), Peter (I can't believe you know me better than I do, we'll see how I can create my own happiness then), Mbah (I believe that your pray will always be with me), 39 A's friends (Elok, Diana, Iin, Mbak Novi, Mbak Aulin, and Nyin), Zandie, Agus and Bejo. I could never forget my struggle with Wismilak's team especially mbak Hentty and Erlina (the most tough woman ever). Thanks to my students Rere & Rara (you've been trained me how it was like to be a teacher).

Special thanks to Manyun, Zefty, Aci, Diar, and Nopta (I'm coming home, guys!), and I'll never forget the moments I had with Ika, Ririn, and Anggi (I really miss you all). I also cannot forget to thank my big brother, Seno and Cucu. Thank you Vicky, for everything. Hey, we still have the world on our hands and we can obviously smell the real freedom and live our dreams in live someday.

My appreciation is also addressed to the lecturers and the students of Listening II class for allowing me collecting the data for this study and to all the lecturers of English Department, Faculty of Letters, Airlangga University. Thank you all my friends in 2002 class especially Cahyo, Ike, Binti, Entik, Endah, Wisnu, Lucy, Ifan, Kadal, Ali, and Luthfi. For Satiti and Matthew Adams, well this study would also be impossible without your contribution, thank you.
