## ACKNOWLEDGEMENTS

*You*, the ones I want to express my foremost gratitude. I cannot still believe in what I did. I realize that You (still) exist. I made this thesis because of You. I passed this thesis exam because of You. I am nothing in You. Nothing is escapable from Your interference because You are the Omnipotent and the All-Knowing. This thesis is the real proof of Your Omnipotence. Hence, it is meaningless to dedicate this tiny piece to You with all Your Greatness. Thanks for showing me this unimaginable miracle too early.

My deepest dedication is delivered to you both. The ones from whom this genetic miracle is bequeathed. You taught me how to love and to live this lovely life. Despite your corporal disappearance, you are always present in every second of my life. You are the reason why I still believe in my dreams. You are my greatest motivation-booster ever. This meaningless piece is for you. Hopefully this is just the beginning of my next journeys and pieces Thanks my beloved Dad and Mam. Rest in peace. . .

I also want to dedicate this thesis to you all for whom I feel affection: My beloved Mama Ida, Mas Iik, Ibuk, Mbak Yuni, Mbak Santi, Mbak Kris, Bang Jun, Javas and Lita. Exceptional dedication is delivered for RN. You are my everything, now and forever. But, we are not limitless. We cannot transcend our human

limitation. We are powerless to determine the track as our design. Wish He will make a new, better track for us.

Special thanks are also delivered to my relatives in Sidoarjo and Pandaan and my best friends: Roki, Tobok, Friged, Arga, Black. My friends in FIB: Ali and Kingkong (I'll wait for you all in Paris ☺), Rima, Breng, Budi, Rio, Ritter, Febri, Liti, Io, Iqbal, Ega, Danang, Mamad, Okta, Robi, Soni, Titing, Fia, Uki, Tukul, Yoga, Made, Adi, Andes. My best lecturers in UNAIR: Mam Arum (thanks for all your incomparable advices and supports, Mam), Pak Edy, Pak Dadung, Bu Dyah, Mas Kukuh, Mbak Asti. My remarkable friends in Padiwojo: Mas Yusuf, Cak Yus, Topik, Galuh, Lusi, Gita, Bagus, Bijak, Indra, Mbak Diah, Mbak Yayuk, Sasa, Vivi, Tito, Rxy, Rizki.

Special dedication is also delivered to all my students and my ex-students. I'm not your teacher. I'm just your learning partner. You all are the reason why I love this nation (again). You expand my horizon about the terrible condition of my nation. You incessantly lit the spirit in my deepest soul. My pray is always for you all wherever you are. For my special students: Havel, Faruq, Sasa, Vivi, Tania, Aji, Agung, Albert, Hesty, Dina. For my (ex-) students in MSE Center, Primagama, Nurul Fikri, BPPT Lamongan, and all my private students.

My last foremost, exceptional dedication is delivered to all my inspiring, motivating figures: the Prophet Muhammad (peace be upon him), Tan Malaka, Emha

Ainun Nadjib, Pramodya Ananta Toer, Amien Rais, Khalid bin Walid, Soekarno, Gie, Harun Yahya and Andrea Hirata. Although we never know one another, you are all my spiritual teachers. You all teach me how to live blissfully, to think out of box, to behave properly and, of course, to be right man in the right place and moment. There are still many people that I cannot mention one by one in this small part of acknowledgement. I am really thankful for your motivation, spirit, wisdom and inspiration. May God bless you all.
